

# Happy Shower foam

*For happy & clean skin*

- Scented foam sensation for under the shower
- Suitable for sensitive skin
- Without parabens and SLS/SLES\*
- Cleanses and softens the skin

## A natural foamy sensation

From little foam monsters to fluffy water ghosts - our shower foam will leave your little one all happy and clean. The soft shower gel turns into a natural foamy sensation without using aggressive preservatives or chemical foaming agents. Instead, we used **coconut oil** as a natural foaming agent, which is also suitable for dry skin and/or eczema. The shower foam leaves your little one's skin clean and hydrated thanks to the use of **sunflowerseed oil** and **cottonseed extract**. It's a natural formula!

The Happy Shower Foam can be used for baby & kids and is 100% vegan, made in the Netherlands.

\* SLS/SLES are chemical preservatives and foaming agents.
