 Product size: 1920*650*1150mm
 PMS range: <100 km
 Packing size: 1580*240*830mm
 Made in China

6 974587 223128

*The endurance mileage data of the battery is from tests done in the ADO outdoor test site on the test conditions that are on the flat road with a full battery and no wind, at 25°C, and under 65kg load. It is normal that the actual riding mileage may be significantly different due to rider habits, weight, road conditions, weather, etc.
 *The pictures are for reference only, please refer to the actual product.
