

Let's Go Code![™] Activity Set

...to coding fun!

With this collaborative introduction to coding, children will build analytical thinking & problem solving skills. They will work together, and learn together, to understand and directional sense.

Science

Explore the science of coding and programming with hands-on activities!

Technology

Build and use tools for amazing discoveries!

Engineering

Boost brains into high gear and design solutions for real-world problems!

Math

Measure, record, and compare data to draw conclusions!

2

Code the path.

3

Follow the code...

...to get to your
ROBOT!
