

**AREBOS**  
SPA Pool eckig / square

EAN: 4260627426355  
Modell/model: AR-HE-SPA4SL  
Baujahr/year of construction: 2020  
S/N:

Hergestellt für/ manufactured for:  
Caribrotat Vertriebsgesellschaft mbH  
Hansastr. 10-11 | 97074 Würzburg Deutschland

Technische Daten / technical specifications:  
Gesamtleistung / Power: 1800 W  
Motorleistung zum Heizen / Motor power (Heating): 1200 W  
Motorleistung zum Sprudeln / Motor power (Massaging): 600 W  
Nennspannung / Voltage: 220 - 240 V  
Max. Wassertemperatur / Max. water temperature: 42 °C / 104 °F  
Der kontinuierliche Betrieb sollte max. 48 Std. dauern / continuous run max. 48 hours  
Der kontinuierliche Filterbetrieb sollte max. 48 Std. dauern / continuous filter run max. 48 hours

**⚠️ WARNUNG**

- Warning: Read the manual carefully before first use
- Do not use without competent supervision
- Danger of drowning! Children must always be supervised
- For good health, keep the pool and water clean
- When not in use, drain the item in dry state
- For the use of pool heaters, ask your local authority
- Keep fire away from the pool
- Only use on flat, horizontal and solid ground. Do not use on any sharp edges. Never place on soft or liquid surface
- The ground next to the pool and the pool itself may be slippery
- Only use in healthy condition to avoid accidents
- Use under the influence of alcohol or drugs is forbidden
- Leave the pool immediately if you start feeling uncomfortable, faint or sleepy
- Not recommended during pregnancy, as the hot water can hurt the child. Please ask your doctor before use
- Do not take a bath longer than 10 minutes at once
