Dispenses ingredients automatically

Let the bread maker do the work for you! Choose between 700 or 900 grams of bread, put additional ingredients, like raisins or nuts, in the dispenser and set a timer. Your bread will be freshly baked in the morning with all ingredients perfectly and equally spread through the dough.

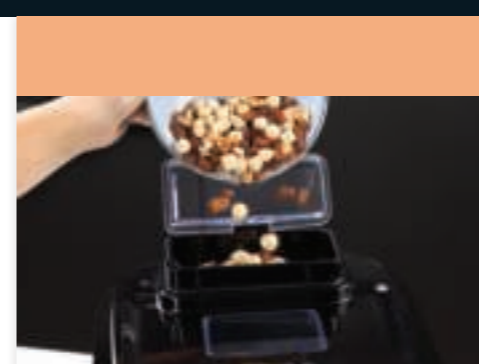

Customized settings and programs

Baking bread always requires a personal touch. That is why this bread maker comes with 3 adjustable browning settings for the crust, 15 preprogrammed baking programs and the dispenser to insert your favourite type of nuts, raisins or any other ingredients you like. You can even create an allergen-free bread with the gluten-free program.

Additional features for ease of use

With the keep warm function, you can ensure that your homemade bread will be warm when it is served. You can also observe the processes of your bread maker through the transparent lid. Finally, the bread pan is removable so it can be cleaned easier after use.

The dispenser automatically spreads ingredients evenly

Suitable for both 700 and 900 grams of bread

Including timer function, adjustable settings and baking programs
