

**Closca is a brand with a plan for a more conscious and sustainable future.**

#### Portable & Efficient

Put the helmet into any purse or backpack with the most efficient portable system that reduces its volume to almost half its size in less than a second.

#### Double Safety Certificate

Closca Helmet Loop exceeds the strictest international safety certifications (CPSC and EN1078). The helmet stays locked and secure while your head is inside, but folds smoothly in a second when you need put it into your backpack.

Complies with E.U. EN 1078:2012+A1:2012 Helmets for pedal cyclists and for users of skateboards and roller skates. Complies with U.S. CPSC Safety standard for bicycle helmets for people age 5 and older.

Warning! This helmet should not be used by children while climbing or doing other activities when there is a risk of strangulation / hanging if the child gets trapped with the helmet.

**Warning!** This helmet should not be used by children who are climbing or doing activities that involve choking or hanging if they get trapped by the helmet. This helmet has been designed exclusively to protect users of bicycles, skateboards or roller skates and electric scooters. You are warned that wearing a properly fitted helmet does not guarantee that you can not suffer serious injury or even death in the event of an accident. If the purchased helmet does not fit properly or fails to adjust the straps according to the instructions, do not use it. This helmet must be protected from high temperatures, in no case try to disassemble it. Do not add, replace or make modifications of any kind, unless they are expressly authorized by the manufacturer. You must discard and replace the complete helmet after suffering any violent impact, even if you do not appreciate obvious damage. Wash only with soap and water. Made in China. Designed in Valencia. #CloseWithSoul
