

# J636 Smart Humidifier Instruction

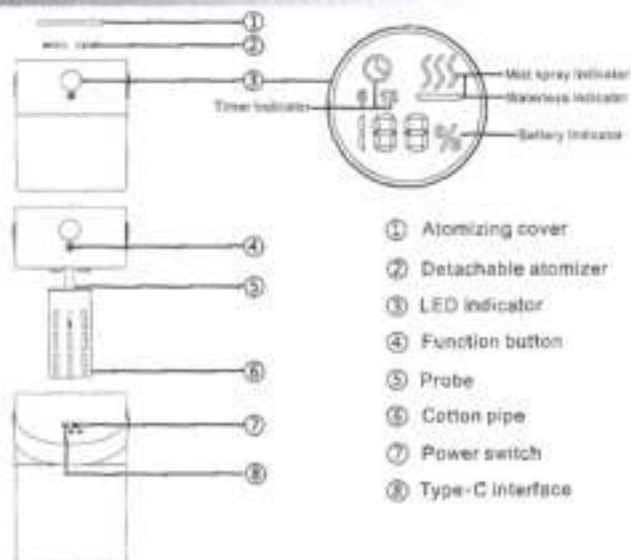

## GXZ-J636

Thank you for purchasing our products.  
Please read the instruction carefully before use.  
Please keep the instruction manual properly.

1. Product name : J636 Smart Humidifier
2. Model No. : GXZ-J636
3. Material : ABS/PP/Silicone/PCBA
4. Battery voltage : 3.7V
5. Battery capacity : 4000mAh
6. Battery power : 14.8W
7. Input voltage/current : DC5.0V/1500mA(±20%)
8. Atomizing working current : 600-1200mA(±10%)
9. Atomizing working power : 2.5-4.5W(±10%)
10. Tank capacity : 2L
11. Spray amount : 80-140mL/H
12. Product size : 160\*160\*202mm
13. Product weight : 822g
14. Executive standard : GB4706.48-2009/GB4706.1-2005
15. Quality inspection : Qualified product
16. Place of origin : Shenzhen China
