

NEW

INTRODUCING THE  
**MASTER<sup>®</sup>**  
**CORDLESS**  
Clipper

Single lever adjusts precision blade from size 000-1

Iconic styling for fans of the original Master

High-speed rotary motor cuts wet or dry hair | 7,200 SPM

Constant Speed Technology means no dragging or stalling

Unbreakable, aluminum housing for years of dependable styling

Weighs less than the corded Master

Lithium ion-battery delivers over 90 minutes of run time

Cord/cordless design for greater flexibility

## Master® Cordless Lithium-Ion Clipper MLC #12480

---

### CLASSIC PRECISION, MODERN PERFORMANCE

Create flawless fades and clean tapers with the new cordless version of the Master®, renowned for its cutting precision. Featuring a carbon-steel blade that adjusts from size 000 to 1, we gave this tool the look and feel of the iconic Master, but with state-of-the-art technology.

### POWERED TO PERFORM

The Cordless Master cuts through all hair types – wet or dry – with power to spare due to a high-performance rotary motor. Andis' Constant Speed Technology ensures that it delivers continual, high-speed blade performance (7,200 SPM) without dragging or stalling.

### CORDLESS CONVENIENCE

Achieve optimal control and comfort during clipping from the new cordless design—same balance and feel as the traditional Master, but with less weight. Achieve 90 minutes of run time without slowing down thanks to a powerful, lithium-ion battery. Includes cord/cordless flexibility to deliver reliable power behind the chair.

Replacement Blades
