ASSEMBLY

Assembly should be done by an adult.
Wheels, bottom foot and travel closet stand are one-time snap. Once assembled, they can't be removed.
Take note of the orientation before attaching.

Close the travel closet and lay it on a flat surface. Then, insert the wheels. Align the curve of the wheel with the curve on the travel closet and snap in.

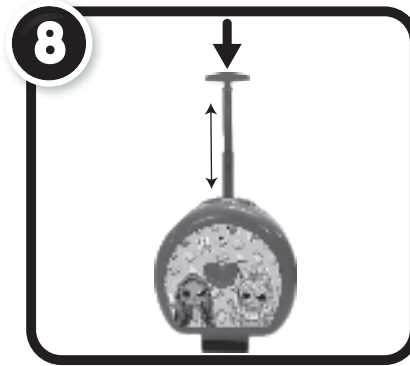

Insert the bottom foot. The flat surface should be facing the front of the travel closet.

Insert the trays with backdrops into the travel closet and lock in place.

TIP: For correct placement of the trays, the trays have ribs on top that slide into the top of the closet.

Close the travel closet and slide the zippers up. Press the button on top of the handle and pull up to extend the handle. To collapse the handle, press the button and push it down.

Take it on-the-go.

CLOSET

Assemble the travel closet stand by attaching the top piece to the base's stem. The top piece and stem are keyed. Align and snap in place. This is a one-time snap. Once attaching, it can't be removed.

Place the stand on a flat surface. Slide the zippers down to open the travel closet and insert the hinge into the stand. When inserting the closet, make sure the recess on the hinge goes into the tab on the stand.

Unlock the trays by moving the switch above and below the trays from the locked position (🔒) to the unlocked position (🔓). Then, remove the trays.

Pull down the closet's rack. It will click in place. Then, add the hangers. Open the drawers to store accessories.

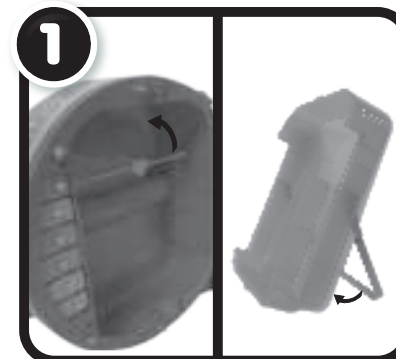

Pull out the stand on the back of the tray to stand it up.

Add the backdrop to the trays by sliding it into the tabs on the tray from the top.

ON-THE-GO

Store up to four fashion dolls and accessories. Fashion doll, accessories and stand are not included.

Lift the closet's rack. Then, pull out the backdrop and close the tray's stand.

Carefully insert the doll into the elastic band.

Carefully pull the doll to insert the C-Clip (not included) into the rectangular opening on the tray behind the doll.

Turn the tray over and slide the post into the back of the C-Clip. Clip the doll into the C-Clip. Repeat steps 2-4 to store other fashion dolls (not included).

Place the base of the stand under the doll's feet. Store two brushes and two shoe boxes (or one long shoe box) in the compartments in the middle. Before storing the brushes, attach the bristles together. Store additional stand posts in the sides of the tray.

Slide the backdrop into the tabs on the tray.
