

INGREDIENTS:

Purified Water, Melanic Acid,
Vegetable Amino Acids,
Glycerin

USAGE METHOD:

1. Open the protective cover of the spray dust cap
2. Tilt your head back slightly and press down on the nozzle gently
3. Wipe the nozzle with a paper towel and cover with a dust cap

BENEFITS:

1. This product can increase the bioavailability of tyrosinase and tyrosine in the body, resulting in a significant increase in melanin, resulting in natural tan skin
2. The same process of self-tanning can be produced without harmful ultraviolet rays, and the color is durable and not easy to fade
3. Small and portable design, suitable for both men and women, suitable for all skin types
