

Why Marigold?

Lots of reasons. Our Extra-tough outdoor gloves are made from strong, thick rubber, with roll top cuffs that stay up and a comfy cotton lining. Our safe hold pattern gives you more grip. While the durable coating protects your hands from detergents. Perfect for such as gardening and outdoor cleaning.

Marigold[®]
For a brighter clean

Since we made the first rubber gloves in 1947, we've been providing the performance and protection you need to tackle the toughest jobs.

Marigold transforms the dulllest chore into one with a sense of purpose, pride and deep satisfaction. We call it the Marigold cleaning glow.

Our Promise

We've worked hard to make our products truly special. So, if, for any reason, they don't get you singing as you work, send them back to us.

GB This product contains natural rubber latex which may cause allergic reactions. Rinse gloves after use. Store dry and avoid direct sunlight. Retain this packaging for future reference. Not for use with dangerous chemicals. If using gloves with oil based detergents, ensure your gloves are thoroughly rinsed and dried before storage. Alternatively opt for a nitrile glove such as Marigold Sensitive to prolong the life of your gloves.

NL Dit product bevat natuurlijke latex die allergische reacties kan veroorzaken. Spoel de handschoenen af na gebruik. Op een droge plek bewaren en uit de buurt van zonlicht houden. Houd deze verpakking bij om ze later opnieuw te raadplegen. Enkel te gebruiken in contact met vrij onschadelijke schoonmaakmiddelen.

FR Ce produit contient du latex naturel pouvant entraîner des réactions allergiques. Rincer les gants après usage. Garder au sec et à l'abri des rayons du soleil. Conserver cet emballage à titre d'information. A utiliser uniquement au contact de produits d'entretien peu nocifs.

D Dieses Produkt enthält Naturlatex, welcher Allergien verursachen kann. Nach Gebrauch abspülen. Trockner aufbewahren. Direkte Sonneneinstrahlung vermeiden. Für späteren Herstellernachweis Verpackung aufbewahren. Nicht geeignet für den Umgang mit aggressiven Chemikalien.
