Power On / Off The Receiver

Power on: Long press the MFB for about 3 seconds, the indicator light will start flashing blue and red.

Power off: Long press the MFB for about 3 seconds, the blue indicator light will turn off when the receiver has successfully shutdown.

Charging the Receiver

You must charge the receiver fully before using for the first time.

1. Connect the receiver to the power source with the USB charging cable.
2. The indicator light will turn red when charging.
3. A full charge takes about 1.5 hours.
4. The red indicator light turns off when charging is complete.

Low-Voltage Alert

When the battery is low, there will be an alert sound and a red light will flash. Please charge the receiver as soon as possible.

Pair To Your device

1. Connect the receiver to your home stereo system or car stereo system via the 3.5mm audio cable/adaptor.
2. Pair the receiver with your device, the distance between the receiver and your device should be within 1 meter.
3. With the receiver powered off, long press the power button until the indicator light starts flashing blue and red
4. Turn on the Bluetooth function on your device.
5. Search for wireless devices and select the "BW-BR1".
6. If you are asked for a password, enter the code "0000".
7. If pairing is successful, the blue indicator light will flash slowly.
8. Setup is complete.

Note

1. The BW-BR1 will connect to the last paired device automatically when it turns on. (Please make sure the Bluetooth mode on your device is active before turning on the receiver.)
2. If you are connecting it to a car stereo system, you need to adjust the car radio to AUX in mode.

Answering / Ending / Rejecting a Call

Answering a call: Press the "Answer" button on your device or short press the MFB on your receiver.
Ending a call: Press the "End" button on your device or short press the MFB on your receiver.
Rejecting a call: Press the "End" button on your device or long press the MFB on your receiver.

Pairing With Two Wireless Devices

1. Pair the Bluetooth receiver with the first device.
2. After pairing successfully, turn off Bluetooth mode on the first device.
3. It will enter pairing mode again.
4. Pair the Bluetooth receiver to the second device.
5. After pairing successfully, turn off the Bluetooth mode on the second device.
6. Turn on the Bluetooth mode of the first device. Choose "BW-BR1" to connect it.
7. Turn on the Bluetooth mode of the second device. Choose "BW-BR1" to connect it.
8. Now the two devices will both connect the Bluetooth receiver at the same time.

Redialing the Last Dialed Number

Redialing the last dialed number: If your device supports this function double press MFB when your device is in stand-by mode.

Playing Music

Play/Pause: Short press the MFB.
Next Song: Short press the button "+".
Previous Song: Short press the button "-".
Volume Up: Long press the button "+".
Volume Down: Long press the button "-".

Note:

If you want to switch playback to another device, please pause the music of the first device, and then play the music on the second device, it will switch to the music of the second device after a few seconds.
