

App: **Je Joue** | Manufacturer: **Je Joue Ltd (UK)** | Document issued by: **Passage du Désir** (passagedudesir.com)

1. Type, Format and Volume of Data

The **Je Joue** app/system collects the following categories of data:

Account data (email address, username), Bluetooth connection data (device pairing identifiers), device usage data (vibration patterns, intensity settings, mode selections, session duration).

Format: Digital / Bluetooth / JSON

Volume: Minimal — a few MB per user account

2. Real-Time and Continuous Data Generation

Real-time generation: Yes — device interactions processed in real time during active sessions.

Continuous generation: No — data collected only while the device is connected to the app.

3. Data Storage and Retention

Local storage (on device/app): Yes — Bluetooth pairing information and preferences stored locally.

External server storage: Yes — account and usage data stored on Je Joue's external servers, encrypted in transit.

Retention period: Data retained for account lifetime. Users may request deletion.

4. User Rights — Access, Retrieve and Delete Data

How to access your data: Je Joue app > Account settings, or <https://www.jejoue.com>

How to delete your data: App > Account > Delete Account, or by contacting info@jejoue.com

Terms of Service: <https://www.jejoue.com/pages/terms-and-conditions>

Privacy Policy: <https://www.jejoue.com/pages/privacy-policy>

Service quality (availability / support): App available on iOS and Android. Support via info@jejoue.com.

Samenvatting (NL)

De Je Joue-app verzamelt accountgegevens (e-mail), Bluetooth-verbodingsgegevens en apparaatgegevens (vibratiepatronen, sessieduur). Gegevens worden versleuteld opgeslagen op externe servers. U kunt uw gegevens verwijderen via de app-instellingen of door te mailen naar info@jejoue.com.
