- CHARGE & DISCHARGE FUNCTION ·WARRANTY
- BATTERY PROTECTION ·PACKING LIST

### RADIO OPERATION

- Turn the "Volume" Dial clockwise to power on the radio and adjust volume.
- Select FM/AM with radio band switch.

Generally, it is recommended to charge the lithium battery via the USB charging cable.

#### C. SOLAR POWER

- Expose the solar panel in clear sunlight to let it charges as efficiently as possible.
- The red power indicator lights will light up when the radio received enough sunlight to start charging up.
- It is mostly used for maintaining the battery, to prolong the battery life.

### POWER INDICATOR

This unit has 4 power indicator (25% 50% 75% 100%) lights to show the power capacity. The indicator light stays on when charging and discharging.

### WARRANTY

·The device has a full 24-month warranty against manufacturing defects from the date of purchase.

- Extend the antenna to get better signal reception, especially listening to the FM broad-casts.
- Turn Tuner Dial to select station. Green tune indicator turns on when the station selected is fully engaged.
- Turn the "volume" dial to the OFF position and the radio will turn off.

### FLASHLIGHT

·The first press on the flashlight button, the far beam lights up. The second press on the flashlight button, the dipped beam lights up. The third press with both far and dipped beam light up. The fourth press with both light off.

### READING LAMP

Open the solar panel, turn on the reading light button, the reading lamp lights up. Close the solar panel, press the button again, the reading light goes out.

### AAA/Li-ion Switch

In the bottom of the hand crank rocker, there is a battery switch, to choose AAA or Li-ion power.

### CHARGE & DISCHARGE FUNCTION

- The waterproof cover on the side of this product has a USB output port and a USB input port.
- Connect the USB device to the USB output port of the unit via USB cable to power the USB device. When the device is used as a power bank (discharge), the power indicator lights will diminish.

### NOTE:

Due to the difference in use environment. It is normal that the actual usage time of the radio may be a little differ from the testing report data.

### KIND REMINDER

- For the first use or when the unit idles over 60 days, please hand crank for 1 minutes to activate the internal battery.
- The device shall not be exposed to dripping or splashing, and objects filled with liquids should not be placed on the device.
- Please do not over discharge the unit, so as not to reduce the internal battery life, or even damage the battery.
- Avoid flashlight light directly into the eyes, or it will hurt the eyes.

### SPECIFICATION

Frequency Range	AM: 520-1710KHZ
	FM: 87-108MHZ
Dimension	17*8*6cm/6.7*3.1*2.4In
Weight	390g/0.86 lb
Power Source	5000mAh, 3.7V
Solar power	5V 1.3W
Hand crank	5V 1.5W
USB Input	DC 5V 1.5A
USB Output	DC 5V 1A
LED Flashlight	Far beam: 600LUX
	Dipped beam: 150LUX
	Mixed beam: 650LUX
After fully charged, the device supports	Radio: 80H
	LED lighting: 20H
	Reading lamp: 6H
	Radio & LED lighting: 15H
	Radio & reading lamp: 5H
