

# DEFENDER

Padlocks for

   HOME & LEISURE   

FROM THE MAKERS OF

UK'S NO.1 PADLOCK COMPANY

# DEFENDER

FROM THE MAKERS OF  SQUIRE

## Affordable security Value guaranteed Your choice

Securing your belongings is important. Whether it's the shed at home, at the gym, travelling with your suitcase or when you're out on your bike. DEFENDER range offers different levels of security, good quality products, but without spending a fortune.

DEFENDER is a new value range from the makers of SQUIRE, the UK's no.1 padlock company. DEFENDER gives you comfort in knowing that whatever you need to secure, their easy-to navigate padlock and bike lock ranges are available even for the most demanding pocket - ready to discourage any opportunist.  
DEFENDER - Affordable security.

## Security rating advice

SECURITY RATING

All locks are rated for their security level and strength, 10 is high security - 1 is low security

## Range overview

Leisure locks are packaged in yellow, and locks for home in orange. Look out for the Key or Combination symbol to guide your choice. The DEFENDER range comprises a wide range of locks comprising, not only key and combi but a wide range of security levels, materials and shackle types.

Combination symbol

## A simple value for money deterrent

# HOME

“ Let’s face it, we all need to protect our belongings, whether it’s our shed, my toolbox, the trailer, the list goes on.. but I can’t afford to protect everything with expensive locks. After all, it’s only to deter those nasty opportunists!”

There’s no certainty when it comes to security, however, DEFENDER, the new value range from SQUIRE, the UK’s no.1 lock company, boasts a comprehensive range of versatile padlocks to secure your belongings at home. With a great variety of shapes and sizes there is something for everyone – even the kids. You will love them. No need to give your security needs another thought, we’ve got you covered.

DEFENDER - Your choice

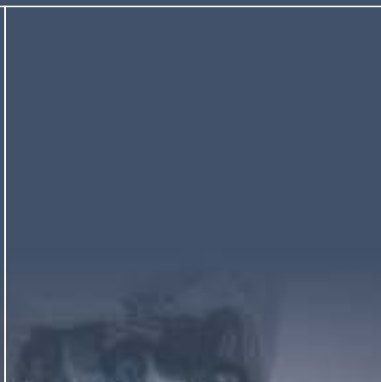

# LEISURE

“ I thought a padlock was a padlock, but my phone got stolen from my gym locker last week, so I guess I was wrong. I know that a padlock won’t stop things from happening, but I’d like to think that it would at least dissuade opportunists from walking away with my possessions.”

When choosing your next lock, look for the assurance from a decent brand - without making a dent in your finances. The new DEFENDER range, from established padlock experts SQUIRE, can now provide affordable crime-detering padlocks for any application. We offer competitive prices with an added promise — a two-year no quibble guarantee. DEFENDER - Value guaranteed.

## ARMoured WAREHOUSE PADLOCKS

- Hardened steel shackle
