## **Compliance with the European Toy Safety Directive (TSD) 2009/48/EG**

Dear Sir or Madam,

Toys from HABA are manufactured in accordance with the European Toy Safety Directive 2009/48/EC and the toy standards of the EN 71 series that apply to them.

Furthermore, they fulfil the requirements of the Reach Regulation (EC) 1907/2006.

All toys bear the CE mark at least on the packaging as a sign of compliance with the above requirements.

An article-related CE-declaration of conformity is available on request.

Best regards
