About your Wireless Presenter

- The maximum range is 60 ft (18m) between the receiver and the remote.
- The receiver has a single light indicator with 2 colors, green and red. For every button press of the presenter, the receiver LED quickly flashes green to indicate that the battery level is good. The LED will flash red on every button press if the battery level is low.
- The Wireless Presenter should work up to one year with the batteries that come with it. This is based on average usage. To extend battery life when not in use, be sure to turn off the remote by inserting the receiver into the remote.
- Always replace the batteries in sets, using the same age and brand of batteries.
- Always dispose of batteries properly.

Federal Communications Commission Radio Frequency Interference Statement

Note: The Wireless Presenter model number 33373 has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment causes harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

MODIFICATIONS: Modifications not expressly approved by Kensington may void the user's authority to operate the device under FCC regulations and must not be made.

Declaration of Conformity Compliance Statement for the Wireless Presenter

The Wireless Presenter model number 33373 complies with Part 15 of the FCC Rules and Industry Canada RSS-210. Operation is subject to two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. As defined in Section 2.909 of the FCC Rules, the responsible party for this device is Kensington Computer Products Group, 333 Twin Dolphin Drive, CA 94065, USA.

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
