

Safety & Corporate Social Responsibility

In addition to the high level of hugs, we are committed to safety. All products are tested extensively and meet the latest European safety standards. All our products are CE approved and contain the CE mark.

We conduct our business in a sustainable manner, with respect for people and the environment, while respecting high standards of business and personal integrity. Our mission is to act with dignity, honesty and with care for children and fellow human beings. We attach great importance to compliance with socially responsible production. We aim to maintain long lasting relationships with customers and suppliers, based on integrity, loyalty and mutual commitment and compliance with (local) laws and regulations, we strive for protection and emancipation for all staff working within our industry . This applies insofar as it is within our reach for our members' own companies, as well as for suppliers and subcontractors.
