## THE CARD GAME

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown."

-H. P. Lovecraft

In the sleepy town of Arkham, Massachusetts, a small band of intrepid investigators seeks to uncover the nature of a sinister menace that threatens humanity. But beware! The arcane rules hold countless terrors, and the investigators must take care to maintain a tenuous grip upon their very sanity and survival.

**Arkham Horror: The Card Game** is a one or two player cooperative game in which each player assumes the role of an investigator and attempts to solve terrifying eldritch mysteries. With a second copy of this core set, up to four players can play the game together. Each game is a chapter in a longer campaign, in which decisions carry far-reaching and unexpected consequences. As a Living Card Game, new cards and adventures are released regularly, allowing players to customize the contents of this core set, or to create their own original decks.

The Ancient One awakes.

Can any among us uncover their secrets and live to tell the tale?
