

Most Likely To – Icebreaker Edition

Find out what others think about you!

Most Likely To is a hilarious party game for friends and families. Do the one thing humanity loves to do the most: **judging people!**

Who's most likely to get away with **murder**? Who's most likely to be a **horrible boss**? Judge and be judged (in a fun way!). Everyone points to a person they think a card applies best to. The winner (or "loser") earns the card.

The **Most Likely To | Icebreaker Edition** contains 220 exciting questions from four different categories: **Personality, Social Life, Lifestyle, and Success.**

Whether you're at a family gathering, office party, or game night with friends, this game will get the party going!
