

MAT111				
Homopolymer Polypropylene (HPP)				
REF	MAT111			

1.	Food Contact EU														
	This product complies with the relevant requirements of Regulation 1935/2004/EC (Framework Regulation) as applicable to intermediate materials, Regulation 10/2011/EC (PIM) as amended, the monomers and additives used to produce this product are listed in the Union List of Authorized Substances of Regulation 10/2011/EC and subsequent amendments.														
2.	BSE / TSE														
	Tallow derived additives may be used in the manufacture of this product. Tallow derived materials used in this product fulfill the requirements laid down in the Regulations 1069/2009/EC, and 142/2011/EC, and the "Note for Guidance EMA/410/01, and as amended.														
3.	RoHS														
	This grade meets the relevant requirements of the Directive 2011/65/EC (RoHS) as amended, and Directive (EU) 2015/863														
4.	REACH														
	This product does not contain any of the Annex XIV substances on the Authorisation list or Annex XIV candidate chemicals proposed to be Substances of Very High Concern for Authorisation. The current list of all SVHCs can be found at ECHA website.														
5.	Absence of Substances and Chemicals														
	During manufacturing, the following substances or class of substances are either not intentionally used or the product complies with the applicable requirements of the regulatory reference cited, however we do not analyze for these specific substances:														
	<table border="1"> <thead> <tr> <th>Substances</th> <th>Regulatory Reference</th> </tr> </thead> <tbody> <tr> <td>Bisphenols, including Bisphenols-A, -F</td> <td>Reg.
