B 30-second Introduction

Let me show you the new Galaxy Tab A11+. It has robust performance for every aspect of your daily use, offering an outstanding value.

Its **powerful AP**, which outperforms competitors, ensures more smooth gaming & multitasking. A **quad speaker powered by Dolby Atmos** and a smooth **90 Hz refresh rate** also unlocks your content's potential to its fullest. For heavy workloads, it has **more memory** and **ample storage**. It also keeps up your task fast and seamless with its **faster charging speed** and **5G network**.

To further enrich your experience, the **smart intelligence feature, Gemini & Circle to Search** is added so you can get things done more easily. The **premium design** that matches our flagship smartphone gives it a whole new look and feel too!

C Talking Points

1. Powerful Performance

Delivers outstanding performance with an unmatched AP, efficient charging speed, & blazing-fast network.

- MT8775
- 4nm
- Strong Single Core
- 25W Charging
- 5G Network

2. Immersive Entertainment
