About the Stealth 450

Experience the freedom of completely wireless gaming. The officially licensed Stealth 450 delivers stunning, ultra-clear wireless sound and truly wireless chat. Turtle Beach gives you every advantage, so fire up your presets, crank up the volume and dominate the competition.

Overview

Climb the leaderboards with the Ear Force® Stealth 450. Go Fully Wireless, with no wires or adapters and Four EQ Presets to personalize your audio. Built-in rechargeable battery provides up to 15 hours of wireless game play. The Stealth 450 plugs directly into your mobile devices.

Overview

Superior Comfort

Breathable Fabric Mesh provides superior comfort and improved bass response.

Stop Shouting!

Variable Mic Monitoring lets you hear your own voice in the headset to avoid shouting.

Awesome Turtle Beach Audio

Customize your gaming experience with four EQ Presets including Bass Boost.

Rechargeable Battery

Built-in rechargeable battery delivers over 15 hours of wireless game play.

Removable Mic

The removable, high-sensitivity mic and Mic Monitoring will keep you from having to shout to be heard.

For All Your Audio Needs

Connect the included Mobile Cable* for wired gaming, music and movies on any mobile device.

Step up to STEALTH

The Stealth 450 delivers truly wireless audio.

Headset Charging

The Ear Force Stealth 450 uses an internal amplifier and so requires power from a rechargeable battery. The Stealth 450 gets up to 15 hours of wireless gaming from a single charge and will charge to full within 3 hours.

1. Connect the included USB Charging Cable to the USB Port on the bottom of the Right Earcup of the Headset.
2. Connect the other end of the USB Cable to any powered USB Port. (We suggest using your PC for convenience.) The Power LED on the Headset will change to Red to indicate charging.
3. Charging is complete when the Power LED on the Headset changes from Red to White.

Required

Note: Make sure to charge your headset regularly.

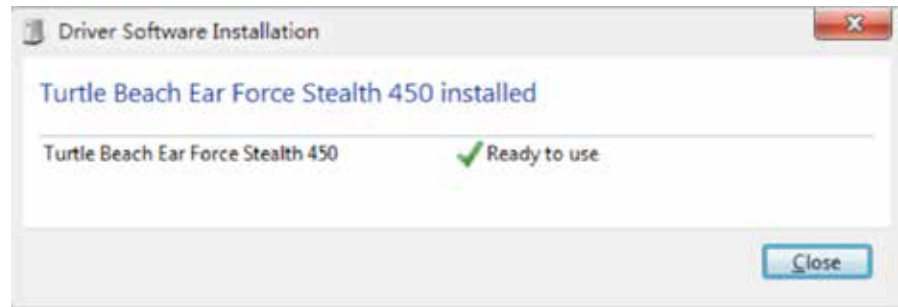

Note: Always charge your headset before storing it for more than three months.
Never store the headset in temperatures above 113 F/ 45 C.

PC Surround Sound Setup

The Ear Force Stealth 450 headset is designed for use with Windows 7 and up.

STEP.1

Insert Stealth 450 Transmitter into your PC and allow windows automatic installation to occur. This may take a couple minutes.

STEP.2

Download the installation tool from the Stealth 450 product page at: <http://www.turtlebeach.com/Stealth450>

STEP.3

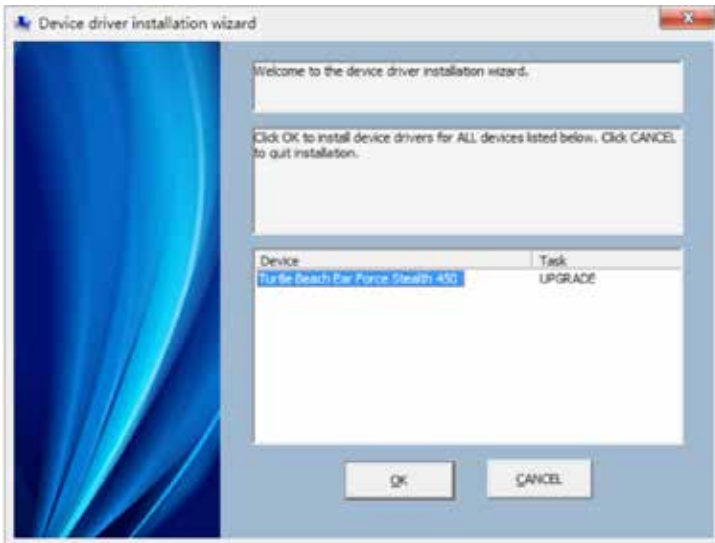

Run the Installer and accept the user agreement.

PC Surround Sound Setup

STEP.4

Select Turtle Beach Stealth 450 if prompted.

STEP.5

After the installation completes make sure to restart your PC.

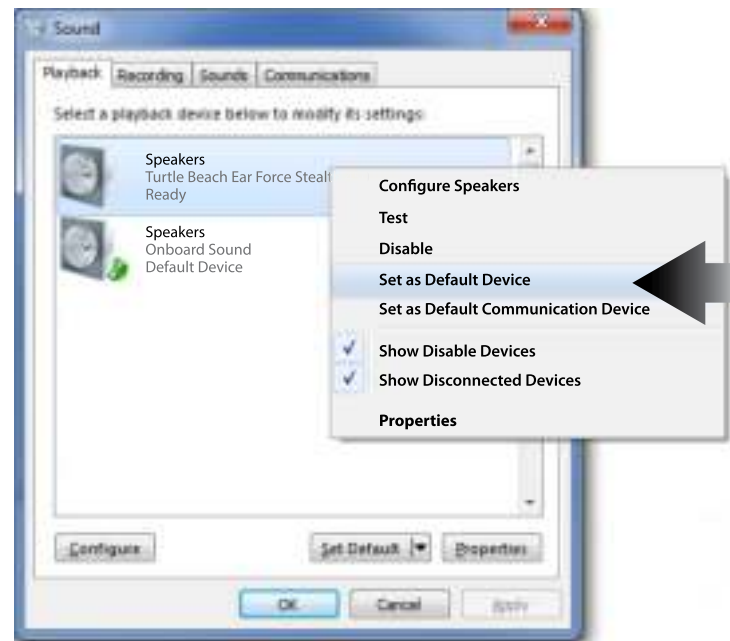

STEP.6

Right-Click the Speaker Icon in the bottom right corner of your taskbar.

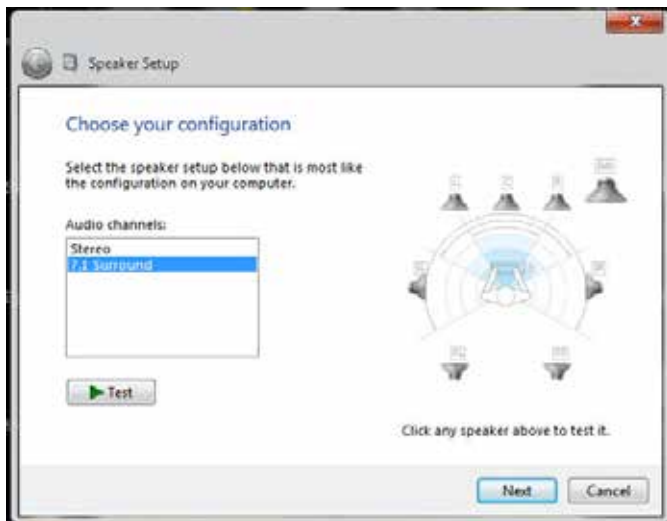

STEP.7 Right-Click Turtle Beach Ear Force Stealth 450 and Set as Default Device.

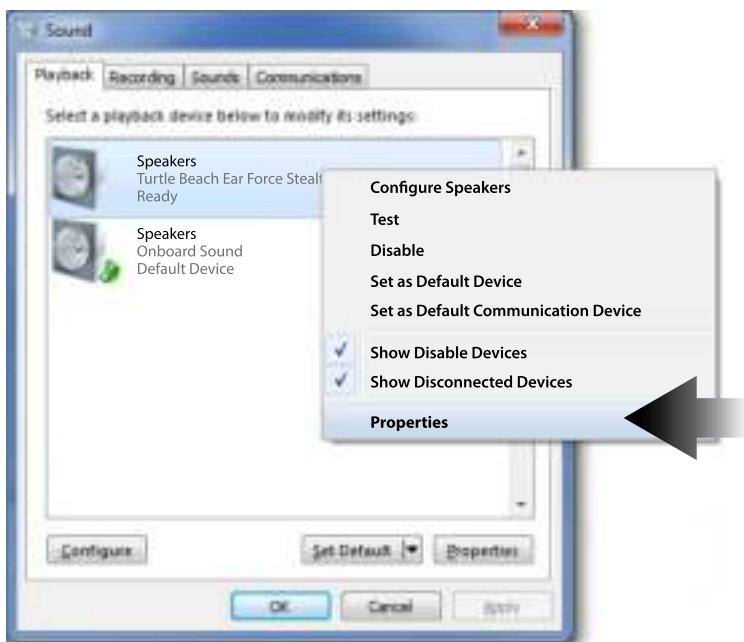

PC Surround Sound Setup

STEP.8 Select Configure and set to 7.1 Surround.

STEP.9
Right click the Stealth 450 device and select **Properties**.

PC Surround Sound Setup

STEP.10 Select the **Turtle Beach Audio Settings** tab; From here you can configure your advanced audio settings.

On the Turtle Beach Audio Settings Tab multiple DTS Headphone:X 7.1 Surround Sound Modes are available to select from. Each mode provides an unique sonic environment:

Game Mode
Movie Mode
Music Mode
Stereo Mode

To bypass DTS Headphone:X and use the headset in stereo mode, select **Surround Off**.

Superhuman Hearing

Here you can manually engage Superhuman Hearing or set a Hotkey so it can be conveniently engaged mid-game while you are away from the Turtle Beach Audio Settings Menu.

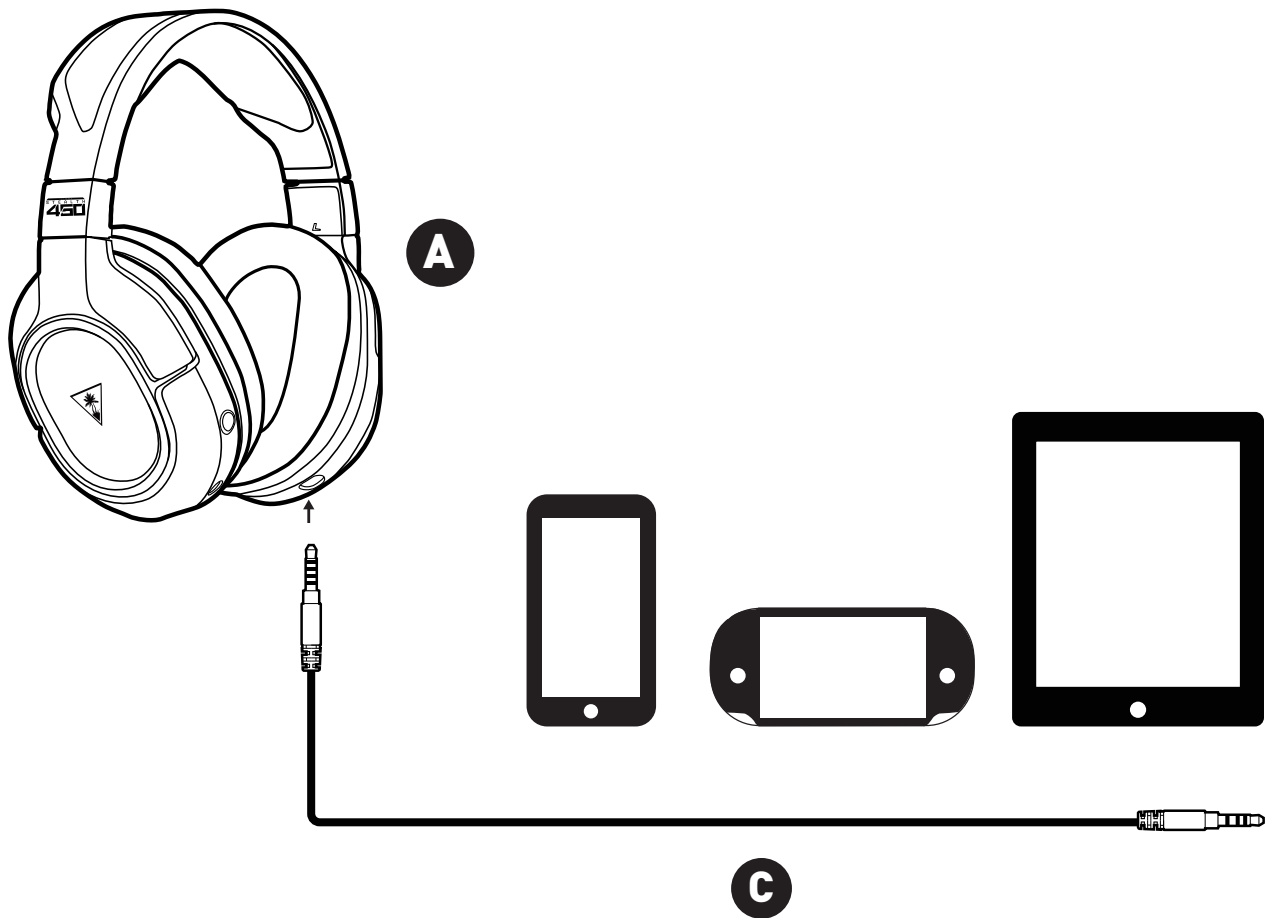

**SUPERHUMAN
HEARING**

Use Superhuman Hearing™ Mode in combination with DTS Headphone:X 7.1 Surround Sound to pinpoint quiet audio cues like enemy footsteps and weapon reloads.

Mobile Setup

Required

* **Note:** The headset must be powered on for mobile use.

1. Power ON the Ear Force Stealth 450 Headset.
2. Insert the Mobile Cable into the Jack on the bottom of the Right Earcup.
3. Connect the other end to your preferred mobile device.

Note: When using the Stealth 450 away from your PC (Mobile Connection Only) after 15 minutes you may hear a prompt indicating that you must press the Power Button in order to continue use. This is built in for battery conservation, just press the power button to continue listening to music without interruption.

Pairing the Headset and Transmitter

The Stealth 450 Wireless Transmitter sends audio and chat between your PC and your Headset via digital radio frequency signal, so a direct line of sight is not required. When the headset and transmitter are communicating, the Connection Status LED on the Wireless Transmitter will stay lit.

NOTE: Your Stealth 450 Headset ships already paired for communication with your Wireless Transmitter. In normal operation, it should not be necessary for you to pair the two again. You should only need to perform pairing yourself in the event that wireless communication fails. First check that the headset is powered on and is within range. If the Connection Status LED on the Wireless Transmitter is still pulsing, the Wireless Transmitter can't communicate with the Headset. Perform the following pairing procedure.

1. The Headset should be powered OFF. If it's on, press and hold the Power Button on the right Earcup for five seconds to power OFF.

2. The Pair Button on the Transmitter is recessed in a pinhole to prevent accidental operation. Insert a paperclip (or something similar) into the pinhole until the transmitter's Connection Status LED flashes rapidly.

3. Press and hold the Power Button on the Headset until the headset Charge/Pairing Status LED flashes rapidly and the Headset announces "Pairing".
4. Within a few seconds the Connection Status LED on the Transmitter and the power LED on the Headset will turn Solid. The Headset will also announce "Headset Paired" to confirm that pairing was successful.

Adjusting Sound (PC)

If you want to...	Then...
Adjust Master Volume	Use the Master Volume Control on the Headset.
Turn the microphone on or off.	Press the Mic Button on the Headset.
Adjust Equalization (EQ) Note: EQ Audio Presets only effect Game Audio.	<p>You can optimize the sound for your specific game, movie or music. Press the EQ Preset Button on the Headset to cycle through the these modes:</p> <p>Natural Sound - Turtle Beach tuned Natural Sound, hear your media just as the creators intended.</p> <p>Bass Boost - Turn up the Bass, feel the deep sound effects in your games and the punch of bass heavy music tracks.</p> <p>Bass & Treble Boost - Turn everything up, increased lows and highs give you more of everything for a more powerful audio experience.</p> <p>Vocal Boost - Tune in to the vocals on music tracks and dialog in games and movies, makes your team-mates, characters and stories come alive as you've never heard before.</p>
Adjust DTS Headphone: X 7.1 Surround Sound Modes	<p>Go to Sound > Playback Devices > Turtle Beach Stealth 450 and select Properties. Select the Turtle Beach Audio Settings Tab and choose between 3 Custom Room Models.</p> <p>DTS Headphone:X Game Mode DTS Headphone:X Movie Mode DTS Headphone:X Music Mode</p> <p>In addition if you are listening to content which you do not want to have processed by the DTS Headphone:X 7.1 Surround Sound Processing you can select "Surround Off" to bypass.</p>
Adjust Superhuman Hearing	<p>Go to Sound > Playback Devices > Turtle Beach Stealth 450 and select Properties. Select the Turtle Beach Audio Settings Tab and manually engage Superhuman Hearing.</p> <p>Alternatively you can set a keyboard hotkey so that you can easily engage/disengage Superhuman Hearing mid-game.</p>

- **Chat/Mic Input/Output** USB
- **Surround Sound Processing** Software-based DTS Headphone:X 7.1 Surround Sound
- **Wireless Connection** RF with Intelligent Channel Hopping
- **Wireless Range** Up to 30ft
- **Power** USB

Troubleshooting Tips

No Sound

Possible cause	Solution
Power is off	Confirm that the Headset is on. The Power LED should be illuminated White. Note: The Headset must be powered on for use, even when you're connected via the Mobile Cable.
Dead/low battery	Confirm that the Headset Battery is charged. If the Headset will not power on, leave the headset to charge overnight.
Loose connection	Make sure the USB Transmitter is fully inserted into a USB Port on your PC.
Lost pairing	Confirm that the Connection Status LED on the Wireless Transmitter stays on. If the LED is pulsing, it indicates that the Wireless Transmitter isn't communicating with the Headset. See Pairing the Headset and the Transmitter (pg 14)
Surround Sound Driver Installed in incorrect location	Make sure the Surround Sound driver has been installed to the root folder of your primary drive.

Audio Drops, Popping or Click Sounds

Possible cause	Solution
Poor Wi-Fi transmission	<p>For best performance, stand within 20 feet from the Wireless Transmitter.</p> <p>Confirm that there is no wall or other large object between the Headset and Wireless Transmitter.</p> <p>Confirm that the location of the Wireless Transmitter is clear of obstructions and isolated from Wi-Fi base stations or other potential sources of interference.</p>

Troubleshooting Tips

Voice Chat Issues

Possible cause	Solution
Incorrect Windows Setup	Confirm that your Headset/Mic is selected as the default audio device in the Windows Playback/Recording Devices Tabs.
Mic muted	Press the Mic Button on the Headset to toggle the Mic Mute. Note: Mic Monitor is always ON even when the mic is muted.
Mic disconnected	Confirm that the Removable Mic Boom is firmly inserted into the Headset. The Mic should be inserted into the "D" Slot on the bottom of the left earcup NOT the Mobile Connection jack on the bottom of the right earcup.
Incorrect Program Settings	Some programs have their own audio settings, if you encounter trouble with chat only in a certain program check that you are configured correctly.

If your issue is not resolved by these steps, please visit turtlebeach.com/support

Important Safety Information

To avoid potential damage to the device, always disconnect all cables before transporting it.

WARNING: Permanent hearing damage can occur if a headset is used at high volumes for extended periods of time, so it is important to keep the volume at a safe level. Over time, your ears adapt to loud volume levels, so a level that may not cause initial discomfort can still damage your hearing. If you experience ringing in your ears after listening with the headset, it means the volume is set too loud.

The louder the volume is set, the less time it takes to affect your hearing. So, please take care to listen at moderate levels.

- Before placing a headset on your ears, turn the volume down completely, then slowly increase it to a comfortable level.
- Turn down the volume if you can't hear people speaking near you.
- Avoid turning up the volume to block out noisy surroundings.

Regulatory Compliance Statements for the EAR FORCE Stealth 450 RX & TX

Federal Communications Commission (FCC) Compliance Notices

This section includes the following FCC statements for the EAR FORCE Stealth 450 RX & TX:

- FCC ID: XGB-TB6160 (Headset)
- Class B Interference Statement
- Non-Modification Statement
- FCC ID: XGB-TB6161 (Transmitter)
- RF Radiation Exposure & Hazard Warning
- Deployment Statement

Class B Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Non-Modification Statement

Use only the supplied internal antenna. Unauthorized antennas, modifications, or attachments could damage the EAR FORCE Stealth 450 RX & TX Models and violate FCC regulations. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. Please contact Turtle Beach for a list of approved 2.4 GHz antennas.

Canadian ICES Statements IC: 3879A-TB6160 (Headset) 3879A-TB26161 (Transmitter)

This device complies with ICES-003 and RSS-247 of Industry Canada. Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Ce dispositif est conforme aux normes NMB003 et CNR-247 d'Industrie Canada.

1. L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes :
2. il ne doit pas produire de brouillage et l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

To prevent radio interference to the licensed service (i.e. co-channel Mobile Satellite systems) this device is intended to be operated indoors and away from windows to provide maximum shielding. Equipment (or its transmit antenna) that is installed outdoors is subject to licensing and not supported by EAR FORCE Stealth 450 RX & TX Models.

RF Radiation Exposure & Hazard Statement

To ensure compliance with RSS-102 RF exposure requirements, this device must be installed in a location such that the antenna of the device will be greater than 2 cm (0.8 in.) away from all persons. Using higher gain antennas and types of antennas not covered under the IC certification of this product is not allowed. Installers of the radio and end users of the product must adhere to the installation instructions provided in this manual. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

Exposition aux radiations RF & Mention de danger

Pour assurer la conformité avec les exigences RSS-102 d'exposition aux RF (Radio Fréquences), cet appareil doit être installé dans un endroit où l'antenne de l'appareil sera située à une distance de plus de 2 cm (0.8 po) de toutes personnes. L'utilisation d'antennes à gain plus élevé et les types d'antennes qui ne sont pas couverts en vertu de la certification IC de ce produit n'est pas autorisée. Les installateurs de la radio et les utilisateurs du produit final doivent se conformer aux instructions d'installation fournies dans ce manuel. Cet émetteur ne doit pas être co-implanté ou exploité en conjonction avec toute autre antenne ou transmetteur.

European Union and European Fair Trade Association Regulatory Compliance

This equipment may be operated in the countries that comprise the member countries of the European Union and the European Fair Trade Association. These countries, listed below, are referred to as The European Community throughout this document:

AUSTRIA, BELGIUM, BULGARIA, CYPRUS, CZECH REPUBLIC, DENMARK, ESTONIA, FINLAND, FRANCE,, GERMANY, GREECE, HUNGARY, IRELAND, ITALY, LATVIA, LITHUANIA, LUXEMBOURG, MALTA, NETHERLANDS, POLAND, PORTUGAL, ROMANIA, SLOVAKIA, SLOVENIA, SPAIN, SWEDEN, UNITED KINGDOM, ICELAND, LICHTENSTEIN, NORWAY, SWITZERLAND

Declaration of Conformity

Marking by this symbol: 

indicates compliance with the Essential Requirements of the R&TTE Directive of the European Union (1999/5/EC). This equipment meets the following conformance standards:

Safety: EN 60950-1: 2006 + A11: 2009 + A1: 2010 + A12: 2011 + A2: 2014 (T-Mark License).

Warning!

This is a Class B product. In a domestic environment, this product may cause radio interference, in which case, the user may be required to take appropriate measures.

Achtung!

Dieses ist ein Gerät der Funkstörgrenzwertklasse B. In Wohnbereichen können bei Betrieb dieses Gerätes Rundfunkstörungen auftreten, in welchen Fällen der Benutzer für entsprechende Gegenmaßnahmen verantwortlich ist.

Attention!

Ceci est un produit de Classe B. Dans un environnement domestique, ce produit risque de créer des interférences radioélectriques, il appartiendra alors à l'utilisateur de prendre les mesures spécifiques appropriées.

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.

LIMITED ONE YEAR WARRANTY FOR TURTLE BEACH PRODUCTS:

Voyetra Turtle Beach, Inc. ("VTB") warrants to the original end-user purchaser ("Purchaser") that the retail Turtle Beach hardware product herein ("Product") will be free of defects in materials and workmanship for a period of one year from the date of purchase by the Purchaser ("Warranty Period"). Any Extended Warranty or Service Plans purchased through a Retail store are not honored by VTB. The Warranty refers to the repair/replacement of a defective product during this period and not a refund.

This limited warranty is extended only to the original Purchaser of a new product, which was not sold "AS IS". It is not transferable or assignable to any subsequent purchaser. This limited warranty is applicable only in the country or territory where the Product was purchased from an authorized VTB retailer and does not apply to a Product that has been purchased as used or refurbished or was included as part of a non-VTB product.

WARRANTY SERVICE:

In the USA and CANADA Warranty Service is provided by our Turtle Beach USA offices and in all other Countries it is provided by our local International Distributors when available. Refurbished/Recertified products are sold on an AS IS basis with a 90-day Warranty or less in accordance with each vendor's policy.

VTB does not warrant uninterrupted or error-free operation of the Product and is under no obligation to support the Product for all computer operating systems or future versions of such operating systems.

If a defect should occur during the Warranty Period, Purchaser must contact VTB to obtain a Return Merchandise Authorization ("RMA") number on the basis of the dated purchase receipt. Purchaser will be responsible for shipping costs incurred in returning the defective Product to an authorized VTB service center, or to the repair facility located at VTB's corporate headquarters. VTB will not be responsible for other products or accessories included with the defective Product sent to VTB. The RMA number must be clearly indicated on the outside of the package. Packages without an RMA number will be refused by VTB or its representatives and returned to sender at the sender's expense.

In the event of a defect, Purchaser's sole and exclusive remedy, and VTB's sole liability, is expressly limited to the correction of the defect by adjustment, repair, or replacement of the Product at VTB's sole option and expense. VTB owns all Products it has replaced and all parts removed from repaired Products. VTB uses new and reconditioned parts made by various manufacturers in performing warranty repairs and building replacement products. If VTB repairs or replaces a product, the original Warranty Period is not extended, however, VTB warrants that repaired or replacement parts will be free from defects in material and workmanship for a period of thirty (30) days from the date of repair or replacement, or for the remainder of the Warranty Period, whichever is greater.

This warranty does not apply to any Product that has had its serial number altered, removed or defaced, or any Product damage caused by shipping, improper storage, accident, problems with electrical power, abuse, misuse, neglect, ordinary wear, acts of God (e.g. flood), failure to follow directions, improper maintenance, use not in accordance with product instructions, unauthorized modification or service of the Product or damage resulting from the use of the Product with hardware, software or other products not provided by or specifically recommended by VTB.

NOTES:

- Replacement Parts and accessories that are subject to "wear and tear" such as earpads, mic foam covers, talkback cables, etc. have a three (3) month Warranty.
- Replacement Parts for Discontinued Products are sold on an AS IS basis, they are not supported and come with a 30 day Warranty.

THIS LIMITED WARRANTY IS PURCHASER'S SOLE AND EXCLUSIVE REMEDY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. TO THE EXTENT PERMITTED BY APPLICABLE LAW, VTB HEREBY DISCLAIMS THE APPLICABILITY OF ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR USE FOR THE PRODUCT. IF SUCH A DISCLAIMER IS PROHIBITED BY APPLICABLE LAW, THE IMPLIED WARRANTY IS LIMITED TO THE DURATION OF THE FOREGOING LIMITED WRITTEN WARRANTY.

IN NO EVENT SHALL VTB BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR DAMAGES, INCLUDING BUT NOT LIMITED TO ANY LOST PROFITS, DATA, OR LOSS OF USE, ANY THIRD PARTY CLAIMS, AND ANY INJURY TO PROPERTY OR BODILY INJURY (INCLUDING DEATH) TO ANY PERSON, ARISING FROM OR RELATING TO THE USE OF THIS PRODUCT OR ARISING FROM BREACH OF THE WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, TORT, OR STRICT LIABILITY, EVEN IF VTB HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

This warranty supersedes all prior agreements or understandings, oral or written, relating to the Product, and no representation, promise or condition not contained herein will modify these terms. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you. This warranty gives you specific legal rights. You may also have other rights, which vary from state to state. Any action or lawsuit for breach of warranty must be commenced within eighteen (18) months following the purchase of the Product.

EXCLUSIONS FROM LIMITED WARRANTY:

This Limited Warranty shall not apply and VTB has no liability under this Limited Warranty if the Turtle Beach Product:

- is used for commercial purposes such as "LAN, Call Centers" (including rental or lease);
- is modified or tampered with;
- is damaged by Acts of God, power surge, misuse, abuse, negligence, accident, wear and tear, mishandling, misapplication, or other causes unrelated to defective materials or workmanship;
- serial number is defaced, altered or removed;
- is not used in accordance with the documentation and use instructions; or
- is repaired, modified or altered by other than authorized repair centers.
- is no longer available because it was discarded.
