

THE SOAP FACTORY

THE SOAP FACTORY

The Soap Factory, founded by Arnas Family, which has been engaged in agricultural production in Turkey for 350 years, has strong brands and a wide range of products in the category of natural cosmetics and personal care products.

Herbal soaps produced with 100% natural ingredients by The Soap Factory offer a cellular level of cleansing and care effect. The base of our soaps, in which the minerals found in nature are formulated in their purest form, are cold pressed natural extra virgin olive oil known as 'Golden Liquid'.

100% NATURAL PRODUCTS

Each step of our production phase is customized to preserve the naturalness of our ingredients. Our highly concentrated soaps processed in traditional copper cauldrons are prepared by hand workmanship. These soaps are combined with natural glycerin, the miraculous elixir of nature. Our soaps are without any chemical additives.

ENVIRONMENTAL PRODUCTION

Our company adopts the awareness of environmental production in all stages of production. While we deliver the health that comes from nature to our customers, we do not harm the nature or animals in any way. Our products are not animal tested.

WE TRANSFER THE LOCAL EXPERIENCES OF THOUSANDS OF YEARS TO GLOBAL

We offer special soaps to the global world that we have created with effective ingredients such as Olive Oil, Laurel, Argan Oil, Frankincense, Terebinth.

HANDMADE HERBAL SOAPS

Silk Collection

Silk Collection Soaps produced by the cold process method consist of more than 50 varieties. Basically, olive oil, coconut oil and castor oil are used. Vitamins and glycerin are not lost in soap content in cold production. Thus, it provides an excellent care on the skin.

Classic Collection

Classic Collection Soaps, prepared by boiling method, which is a traditional method, meet every need with a wide range of products. These products, produced by adding other natural oils to pure olive oil, are the strongest soap group with antibacterial structure.

Glycerine Collection

Gets its name from the large amount of natural glycerin it contains. Dizzying with its colorful and magnificent floral scents. There is nothing better than a shower gel in the bathroom. It is also a safe and attractive choice for daily hand washing.

Artisan Soaps

The Artisan Soap Collection offers aesthetic options from each other. Artisan soaps, in which first class natural oils are turned into soap with cold production, impress with their special designs. This Collection includes assertive soap types such as clay, coal and sulfur.

Natural Pumpkin Fiber Collection

Soaps in this range provide a true spa experience at home. Prepared by pouring glycerin soap with flower and fruit essence on natural pumpkin fiber slices. Gives you the pleasure of a fragrant massage in the bathroom. Accelerates blood circulation. Helps against cellulite and varicose veins.

Natural Bath Salts

Coconut Oil

The Soap Factory Coconut Oil is from Philippines. Fruits brought from abroad are obtained by cold pressing method and bottled in facilities with ISO certificate in Turkey. Each bottle has a freshly squeezed and high quality oil.

Silk Collection

Silk Collection Soaps produced by the cold process method consist of more than 50 varieties. Basically, olive oil, coconut oil and castor oil are used. Vitamins and glycerin are not lost in soap content in cold production. Thus, it provides an excellent care on the skin.

Handmade Argan Soap

Due to its natural extracts and its formula created by our expert staff, it is a complex restorative that provides protection as well as nourishment and care.

Handmade Nigella Sabunu

Leaves a soft, smooth effect on the skin. Provides a high quality care thanks to its intense vitamin extracts and potassium content.

Handmade Lavender Soap

Lavender soap with an innovative interpretation with pure lavender oil extracts and dried lavender flowers will become part of your aromatherapy routine.

Handmade Olive Oil Soap

Produced with pure natural olive oil, this soap has a purity that can be used safely on babies, pregnant women, elderly and children, problematic skin and hair.

Handmade Donkey Milk Soap

A soap worthy of queens thanks to its A, B, C and E vitamins, calcium, magnesium, zinc, phosphorus, sodium and magnesium content.

Handmade Rice Bran Soap

The pure mineral extracts it contains has the feature of lightening the skin. It evens out the blemishes and evens out the skin tone.

Handmade Goat Milk Soap

Due to the intense vitamin A and minerals it contains, it restores the collagen lost by the skin. Has a natural botox effect.

Handmade Tea Tree Soap

Instantly refreshes the skin with its natural ingredients. Indispensable for baths with its strong structure against skin problems.

Handmade Honey Oat Soap

Oats exfoliate the dead skin. Honey nourishes the resulting fresh skin. Offers the privilege of moisture therapy to the skin with its extra moisturizing effect.

Classic Collection

Classic Collection Soaps, prepared by boiling method, which is a traditional method, meet every need with a wide range of products. These products, produced by adding other natural oils to pure olive oil, are the strongest soap group with antibacterial structure.

Handmade Lavender Soap

Provides a natural protection due to the lavender oil it contains. It rests the soul with its aromatic scent.

Handmade Juniper Tar Soap

Juniper tar soap, which has become popular in the alternative medicine world, is very beneficial for both skin and hair.

Handmade Donkey Milk Soap

Provides a healthy skin appearance thanks to its cell renewal feature. Cleans the dead skin on the skin by creating a natural peeling effect.

Handmade Rose Petal Soap

Tightens the skin. Cleans the accumulated dirt thoroughly and gently. A safe choice as a make-up removal product.

Handmade Laurel Soap

Rebuilds your skin by supporting the skin's production of collagen and elastin. Reduces the appearance of damages caused by sunspots and irritation.

Handmade Terebinth Soap

Dryness does not occur in hair washed with Terebinth soap. The hair is nourished from the root and gains a shiny and plump appearance.

Glycerine Collection

Gets its name from the large amount of natural glycerin it contains. Dizzying with its colorful and magnificent floral scents. There is nothing better than a shower gel in the bathroom. It is also a safe and attractive choice for daily hand washing.

Glycerine Chamomile Soap

Chamomile soap refreshes and softens your skin with the skin-repairing effect of chamomile oil. Has an intense moisturizing effect. The extra glycerin effect in it keeps the skin more flexible and stronger against negative external factors.

Glycerin Blackberry Soap

Blackberry soap stands out with its fruit extracts and fragrance. Provides a safe and effective cleaning for oily skin. The extra glycerin inside moisturizes and nourishes the skin while cleansing. Contains vitamins A and E.

Glycerin Orchid Soap

The soap contains a decent amount of orchid extract. Helps to equalize the skin tone. Nourishes and beautifies the skin. Can regenerate skin cells. A good hair soap with its ability to nourish hair follicles.

Glycerine Ocean Soap

Ocean soap, which is based on ocean water and algae extract and contains AHAs (Alpha Hydroxy Acid) intense, was formulated for black dotted and oily skin. Used as a pH stabilizer.

Glycerine Lemon Soap

Lemon soap opens the pores on the skin, allowing the skin to breathe. Maintains skin elasticity. Balances sebum. Helps the skin to look fresh and lively.

Glycerine Thyme Soap

This soap contains an appropriate amount of thyme oil and dense glycerin. Provides deep cleansing without damaging the natural texture of the skin. By protecting the moisture balance of the skin, it reduces redness and dry appearance.
