

# How to use

The actual color of the fake nails are transparent. And the false nails in the picture are for reference only.

1. Using sponge rubbing to polish inside and edge roundly.

2. Select the correct size nails for each finger.

3. Apply glue stickers to nails.

4. Starting at cuticle, press on & hold for several seconds.

5. Cutting the nails desired length and shape.

6. Polish the edge of the nail to smooth it.

7. Apply nail polish, design your own style and pattern.

8. Complete.
