Functions/features explanation

Comfortable pumping, wherever you go

Natural Motion Technology, for quick milk flow

Enjoy the gentle comfort of the Philips Avent portable manual breast pump. With Natural Motion Technology, inspired by baby's own suckling action for a quick letdown. You can easily adjust rhythm and vacuum. Fits practically all nipples.

Simple, gentle and effective

- Helps you release milk fast
- One-size soft adapting silicone cushion

Portable and convenient

- Ideal for moms who pump on-the-go

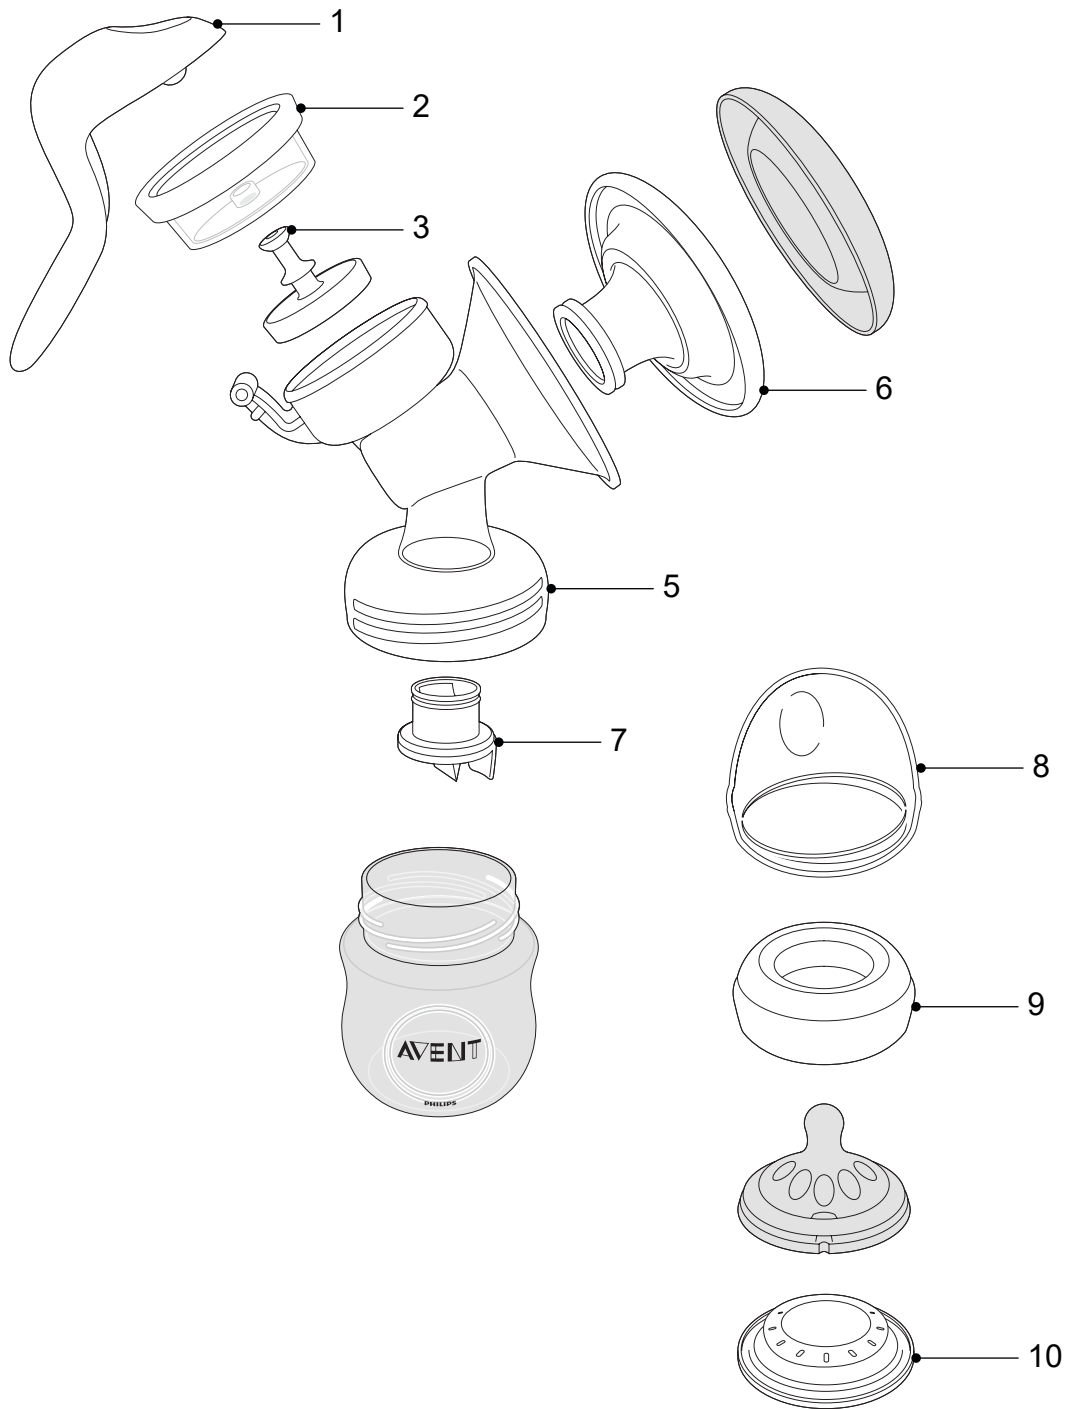

Comfortable expression

- Easily triggers milk release before or between feeding
- Choose your rhythm, follow your milk flow
- Express without leaning forward

Easy to clean

- Easy to clean and set up
