

Manufacturer: Guanguan Mikaiqi Wanju Co., Ltd.  
Address: 7th Floor, Binu Avenue, Fenggang Town,  
Guangdong

**TIPS**

You can be assured our dolls are compliant with all current CPSIA standards and regulations. Every our doll is tested with a certified third party laboratory to confirm it conforms to the CPSC/CE protocols for product safety rules. To protect the fresh appearance and bright colors of your dolls, it's better to keep the doll out of direct sunlight. Avoid to use ink to your dolls since they could be stained. Be gentle to your new partner when moving any part of the body. It's better to use a wide tooth hairbrush to comb the doll's hair. If you need to do an extensive cleaning, use a slightly moist towel to gently wipe away dirt and debris, then allow to air dry.

**Warning:** All packaging, rubber bands, plastic and wire ties, as well as tags are to be removed before giving to a child.
