

Place the panel in a right (90°) angle towards to sun for maximum charge efficiency.

Charge 10.000 mAh power bank in approx. 4 hours

#### TECHNICAL SPECIFICATIONS 15W FOLDABLE SOLAR PANEL

Maximum power (Pmax):	15W
Solar cell brand:	SunPower
Cell efficiency:	23,7%
USB Output:	5V
Working Current:	3A
Working Voltage (Vmp):	5V
Max. power current (Imp):	3.7A
Dimensions folded out (lxwxh):	340 x 333 x 2 mm
Dimensions folded up (lxwxh):	170 x 333 x 5 mm
Weight:	422 g
Enclosed cable:	1 x micro USB cable
Certifications:	

Above specifications at Standard Test Conditions (STC): 1.000W/ m<sup>2</sup>, cell temperature 25°C, AM1.5

#### USE CASES

- Charge all USB devices

Avoid exposure to water

Keep out of reach of children

Min. temp +/- 20°C

Max. temp + 60°C
