

body.

- Please operate the product after you make sure if the water tank and water filter tray are completely assembled. Otherwise, the product can not be operated properly.
- When disassembling the water filter tray, please make sure if the water tank is removed beforehand. If you force to pull out the water filter tray without removing the water tank, it can be a reason of product malfunction.
- While moving the product, please make the water tank empty completely or it can be a reason of water leakage.
- Please make sure the water filter tray fasten before using, or it can be a reason of another contamination by dust or foreign substances.

※ Please lift up the center part of the outlet grill when you disassemble it.

CODE NO : 9235240 R0

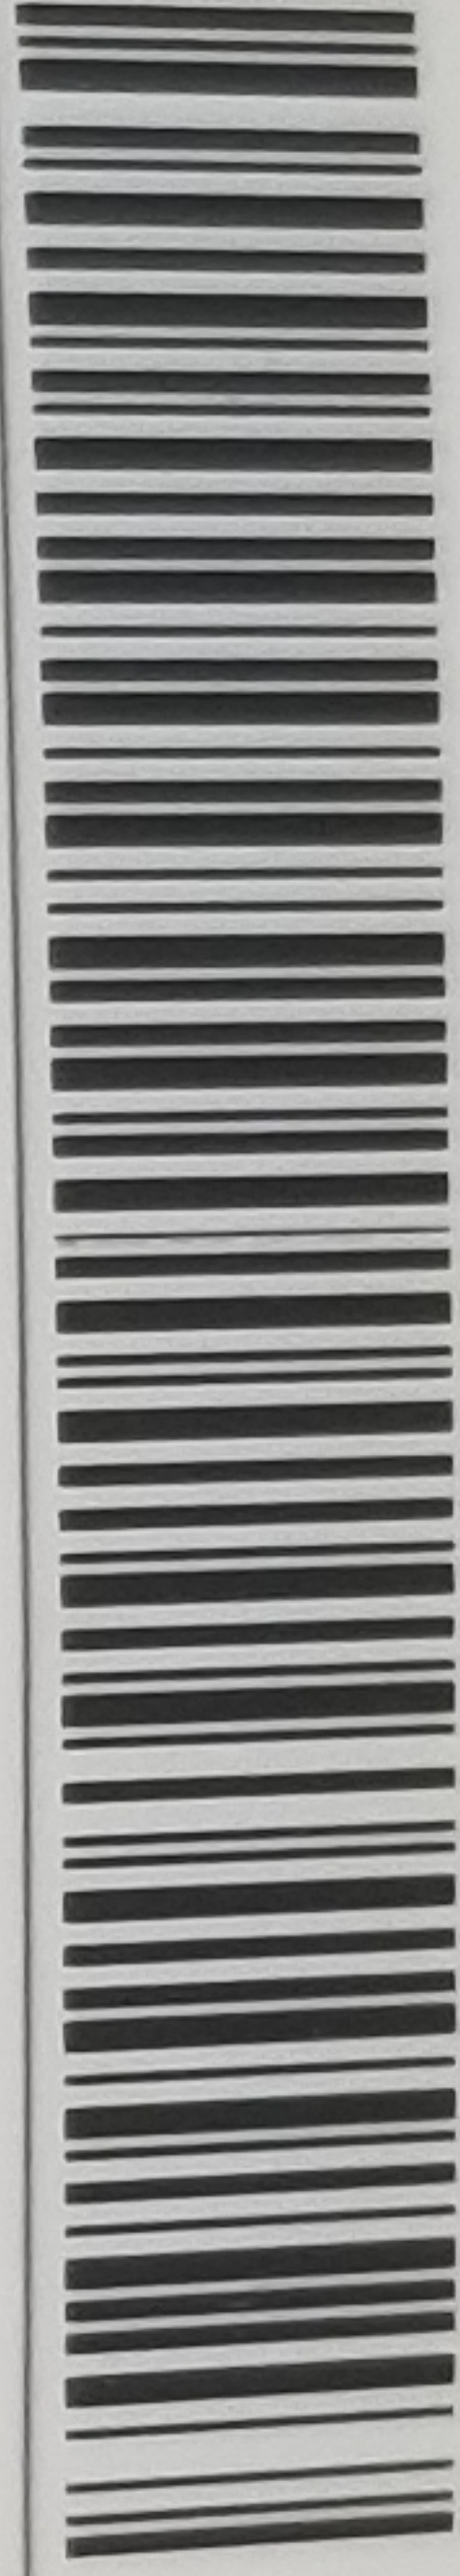

COWAY Air Purifier

CODE NO : 1231511 R2

- Model Name : APMS-0815C
- Rated Voltage Range : 220 V - 240 V~
- Rated Frequency : 50 Hz, 60 Hz
- Rated Input : 29 W (for air purifying)
24 W (for air purifying and humidifying)
- Net Weight : 10 kg
- Manufacture : COWAY Co., Ltd.

Made in Korea

153 02F88 21105 00023
Date of manufacture: 2021.01.05
