

Light it up!

Best ways for illuminating and creating a warm light ambience in your home. This highly decorative, trendy light adds a bit of fun and glamour to your room. Can also be used for party decorations, a discreet hole-in-the-wall light allows you to hang it on a wall. The moon sign sits in a High Impact Polystyrene mould which is made from durable, robust, anti-drop material. The LED lights are low voltage and energy saving.
