## Building Instructions

**Please Note:** There are 3xF- 2 of which have grooves (1F and 2F), the other doesn't (3F).

There are two extra triangle supports for the front of the racking. These can be attached at your own judgement.

The grooves/slot holes may need cleaning out a little before you start.

Step One:

Start off by assembling the drawers. Use the images below for your reference.

**Drawer G** is made up of parts I (x2) + K + Base Panel

**Drawer H** is made up of parts J (x2) + L + Base Panel

## Building Instructions

Step Two:

Turn 1F and 2F, so the grooves face upwards. Steady them by slotting in both of the pieces B. This may need a gentle tap with a rubber mallet.

# User Guide

## Building Instructions

Step Three:

To the ends of F, attach one of A. Make sure you line up the slots on A with the shelves. F needs to be attached to the upper 2 slots. The top slant of A should be the same as parts B.

Step Four:

Using 3F (no grooves), slot the end into the lower hole on A. Using 4 screws, attach this into the bottom ends of B.

# User Guide

## Building Instructions

Step Five:

Attach the second side panel A.

Step Six:

Screw part D to the top of the shelving.

Step Seven:

Slide in the 3 pre-made removable drawers. The order of the drawers from left to right, G, H, G. Drawers G are determined left and right based on the outside lip. The inner side of the draw will sit flush.

Step Eight:

Screw the parts E to the front of the upper 2 shelves. Line the bottom of the parts to the bottom of the shelf.

# User Guide

## Building Instructions

Step Nine:

To the back of the racking, screw part M- lining the base of it with the bottom of the top shelf.

Step Ten:

Screw part C onto the back of the shelving, lining the base to the bottom of the drawer shelf.

Step Eleven:

Your racking is now complete. Please add the triangle supports to the front of the racking under the drawers if you wish.
