Overview:

Zeegma Grand Vitamine cup blender is a reliable and functional device for grinding fruit, vegetables and ice. Large glass cup (1,75 l) allows to prepare favourite cocktails, drinks and meals. Thanks to the powerful motor and 6-arm stainless steel cutting blade the device is able to crush ice. Smooth speed regulation and 3 automatic modes of operation will meet the expectations of the most demanding users.

- High grinding efficiency thanks to a powerful motor (up to 1600 W)
- Metal casing
- 10-level smooth speed regulation
- 3 operating modes: pulse, ice crush, cleaning
- Easy to use and maintain
- Anti-slip legs ensuring stability of the device
- Components of the device made of materials free of Bisfenol-A
- Modern and universal design
