

# EMBROIDERING SUITS

HIGH QUALITY

## EMBROIDERY FRAME INSTALLATION METHOD

1. Choose an embroidery frame suitable for cloth size.
2. Put the fabric on top of the inner ring.
3. Loosen the screws on the outer ring. Button on the outer ring.
4. Taut cloth. Tighten the screws.

## SIMPLE AND EASY TOOL FOR THE BOOT LINE

1. Pass the wire through the nose
  2. The thread runs through the wire
  3. Pull the wire out of the nose, and the line comes in
- INTERPRET: The iron hook USES the same method

### SECANT KNIFE

The embroider is wrong, can be removed, very convenient

### THIMBLE

For hard-to-penetrate fabrics, protect fingers
