- USB Charging
- IPX6 Waterproof

Real Sonic Technology:

Electric teeth cleaner using real sonic high-frequency vibration technology, the vibration frequency can reach 2,000,000 times/min

Intelligent Recognition:

The dental calculus remover will vibrate when it touches the teeth or other hard objects, and it will automatically stop when it touches the gums and other soft objects

Safe and Painless:

Suitable for daily oral cleaning at home, 100% will not hurt the gums

Adjustable Modes:

Dental Plaque Remover offer 5 adjustable strength modes. Press the ring light button one time to switch the mode, suitable for the different sensitivity of gums, and efficiently remove stubborn calculus, tartar, and tooth stains

USB Charging:

With a USB charging cable, easy to charge with any adapter of 5V-1A. Food-grade ABS material and medical-grade stainless steel for non-slip easy-grip
