

POWERBANK

27000mAh

27000MAH COLOSSAL CAPACITY

This portable phone charger boasts a 27000mAh battery capacity, allowing it to recharge an iPhone up to 7 times, a Samsung Galaxy up to 5 times, or a tablet up to 3 times before needing to be charged again.

SUPER FAST CHARGING

Equipped with PD QC3.0 technology, this power bank can rapidly charge your phone up to 58% in just 30 minutes. Additionally, it can be fully recharged within 5 hours using a PD adapter.

ADVANCED 18W USB C INPUT & OUTPUT

With both USB C and USB A ports built-in, this portable charger can charge up to four devices simultaneously, allowing you to share power with friends or family while out and about. This powerful charger can keep your devices fully charged all day long.

LED DIGITAL DISPLAY

Unlike other portable phone chargers, this one displays the battery level with digital percentage accuracy, so you won't need to guess how much power is left and worry about bringing a low-battery power bank on your trip.

PORTABLE SIZE

Measuring as compact and slim as a 6.7-inch phone, this portable battery charger is convenient to carry in most pockets. Additionally, it features intelligent current protection technology that safeguards both your devices and the charger itself.
