# WARRANTY

What is the scope of the warranty?

Lurk Warranty covers the defects of the material and manufacturing.

If there is any problems with the components, please contact us at once,and attach the photos and keep all the accessories,manual,packaging and purchase invoices in safe.

How long is the warranty period?
12 months since the date of purchasing.

Program:

When the guarantee is in effect,the purchase invoice must be presented,which is limited to the original purchaser and therefore not transferable.This warranty is automatically lost or expired when the product is transferred to another person.

The warranty and its suitability will be analyzed and determined by our technicians or experts and the damage or breakage of the reported parts will be evaluated.

Man-made damage is outside the scope of free warranty.

Observation results:

If the product is returned within the first eight days,the product must be returned in its original packaging and the accessories and manuals sealed properly.
If the product is not damaged or included in the original report, the product will not be considered as a return.
