

The Natural energy light bringing together SAD light, wake-up light, clock, bluetooth speaker, white noise machine and others in one light.

SAD light will beat off the winter blues, give you good vibes of the day. Wake-up light gently prepares your body for waking up during last 30minutes of your sleep.

Bluetooth speaker let you enjoy the smooth music and dance to the song. White noise machines keep you away from noise pollution, fall asleep and have baby-like sleep quality

Once you use it, you will love it
