

BUILD GEL UV/LED

3 PHASE SYSTEM: BASE, COLOR, TOP

**FLEXIBLE, SELF-LEVELING,
DURABLE, TOUGH, RELIABLE**

Self-leveling and flexible, medium density gels for nail building. Designed for building on a form, a tips and to strengthen the natural nail plate. The gel's properties ensure great comfort of work: easy application with a brush, perfect C curve construction, quick and easy to achieve the desired shape.

Acid free, odorless, fantastic adhesion.

Curing time:

48W LED Lamp: 60 sec, 36W UV lamp: 120 – 180 sec.

NAIL EXTENSION FORMS FOR THE PERFECT SALON SHAPE: MODERN ALMOND, OVAL, SQUARE. THE MARKED LINES MAXIMALLY FACILITATE THE BUILDING OF NAILS AND SHORTEN THE WORKING TIME FOR STYLISTS. MADE FOR USE WITH GEL, ACRYLIC, ACRYLIC-GEL AND MEGA BASE. THE BOX WITH THE DISPENSER MAKES WORK EASIER.

BASIC NAIL FORMS

Forms made of flexible laminated paper. The glue is specially selected for the thickness and type of paper. Economical for beginner stylists.

Ref.: 330346 - 100 szt. | 330350 - 400 szt.

SALON NAIL FORMS

Forms made of laminated metallized paper with optimal elasticity and stiffness, with strong glue. Ideally adhere to the nails and maintain the shape of the tunnel to the end of the designing process.

Ref.: 330785 - 100 szt / 330786 - 400 szt

Ingredients:

Di-Hema Trimethylhexyl Dicarbamate, Glyceryl Propoxy Triacrylate, Trimethylolpropane Trimethacrylate, Hema, Ethyl Trimethylbenzoyl Phenylphosphinate, Hydroxycyclohexyl Phenyl Ketone, [+/-] Ci 19140, Ci 15850, Ci 60725, Titanium Dioxide

PRIMER ACID

An acid based product, increases adhesion of the design to the natural nail plate. Balances pH, etches the nail plate, removes moisture.

15ml / 0,5 fl.oz., Ref. 330143

BASE BUILD GEL

A base for build gel, evens out the nail plate and increases the gel's adhesion. Comes in a practical bottle with a brush. Increases the design's durability.

15ml / 0,5 fl.oz., Ref. 330141

TOP BUILD GEL

A top for build gel, protects the design and gives a beautiful shine.

15ml / 0,5 fl.oz., Ref. 330142
