## easy to take battery bag

Light and small body, long playing time. A single battery can make it 13 minutes of flight time, which is longer than other most consumer drones of the same type. Flying is more freedom, shooting is more leisurely.

Clear photo

## 4K pixel + HDR HD photo

More detail recording information and the contrast of restoring dynamic, more detailed image quality, Let your aerial photography creation more as your wishes, easy to shoot a film - level picture
