

# ARCHOS 70 Cobalt

Android™4.2, Jelly bean

ARCHOS  
elements

ARCHOS is proud to introduce a new tablet in its ARCHOS ELEMENTS range: the ARCHOS 70 Cobalt. Thin and light with its soft-touch, easy-grip casing, the ARCHOS 70 Cobalt is perfect for multimedia, internet, apps and games. Google™ certified, the ARCHOS 70 cobalt has complete access to Google Play™ (with over 1 million applications and games available). Featuring a powerful Dual-core CPU, this tablet runs Android™4.2 “Jelly Bean” for an improved and smooth interface.

## Key features:

- **7" multitouch capacitive display with a 1024x600 resolution**
- **Google™ certified with access to Google Play™ and over 1 million apps**
- **Powered by a 1.2GHz dual core CPU for the speed that you'll need**
- **Soft-touch, easy-grip back casing**
- **Perfectly designed for multimedia**
- **8 GB flash memory with an expandable Micro SD Slot**

## Compact design

With its soft-touch, easy-grip casing, the ARCHOS 70 Cobalt is stylish and light. At just 10.6 mm thick and weighing only 300g it's perfect tablet for your Android™ experience. Never run out of storage with 8GB embedded memory and the microSD slot (supporting SDHC cards up to 32GB)

The ARCHOS 70 Cobalt has a front-facing camera which is great for video calling with your friends and family.

## Powered by Android 4.2 “Jelly Bean”

Running Android™ 4.2, Jelly Bean, the ARCHOS 70 Cobalt includes all the Google Mobile Apps (Gmail, Maps, YouTube..) as well as the Jelly Bean improvements like the Google Now assistant, multiple user accounts and an extra smooth interface.

Best of Android™ applications: whether among the pre-installed apps or among the thousands of downloadable apps, you will find all the applications that matter to you: HD video player, email, web browsing, news, games, eBooks, weather forecast...

## Full Access to Google Play™

Certified by Google™, the ARCHOS 70 Cobalt includes full access to Google™ Play Store (with over 1 million applications and games available), including DRM support for downloading books, music and movies. Whether it is from the large choice of apps, games, movies, eBooks or music Google Play™ has the content you need.

A new Multimedia experience

The ARCHOS 70 Cobalt features a powerful 1.2GHz Dual Core processor, letting you enjoy web browsing, emails, social networks, news and games.

ARCHOS 70 Cobalt includes the best of multimedia with the ARCHOS Media Center applications; tailor made apps for video and music that include metadata scraping, auto-subtitles and of course, the best format and codec support around including 1080p video decoding.

Media streaming directly from any computer, tablets (UPnP permitted devices) on your home network to your ARCHOS 70 Cobalt. Playing media stored on your tablet on your DNLA compatible HDTV (or other DNLA device) wirelessly via the ARCHOS multimedia server app is simple.
