User manual

## Product parameters:

Input: 12V/1.5A 9V/2A 5V/3A
Wireless charger output1: 15W(Max)
Wireless charger output2 : 5W(Max)
iWatch Wireless charger output: 2.5W(Max)
Material: ABS
Interface: Type-c
Package size: 163*126*110mm
Product size: 156.5*106.5*121.5mm

## Product overview:

This multifunctional desk lamp wireless charger will automatically identify the most efficient output based on the corresponding device.

This product will automatically identify the voltage required by the corresponding device for fast and efficient charging.

This product has overcharge, overvoltage, overpower, temperature, short circuit protection.

## Precautions:

• Keep the charger away from water, liquid and moisture. The maximum ambient temperature during the use of this charger must not exceed 45℃.
• The charger will generate heat during charging, as long as the surface temperature does not exceed 60℃. it is normal and no need to worry about charging safety.
• The charging time is determined by the charging device's temperature, battery capacity etc.
• The charger will automatically adjust to charge as quickly as possible.
• Keep the charger out of reach of children.
• Please use the original or certified charging cables, and avoid looseplug to ensure charging stability.

**Notice:** To ensure charging 3 devices safely and efficiently, you must use 9V/2A adapter and quick charge cable, if including 15W fast charging phones, you must use 12V/1.5A or 9V/2A adapter and quick charge cable (if not use the appropriate adapter and quick charge cable, the charger may not charge phone fast, or may not charge 3 devices simultaneously, or may even damage the charger)
