

Technical Specs

- Monocrystalline solar cells for high efficiency
- Solar Panel: 21W max.
- Output USB-A1: DC 5V/2.1A (10.5W max.)
- Output USB-A2: DC 5V/2.1A (10.5W max.)
- Dimensions folded: 16 x 28.5 x 3.5 cm
- Dimensions unfolded: 68 x 28.5 x 1.6 cm
- Weight: 638g

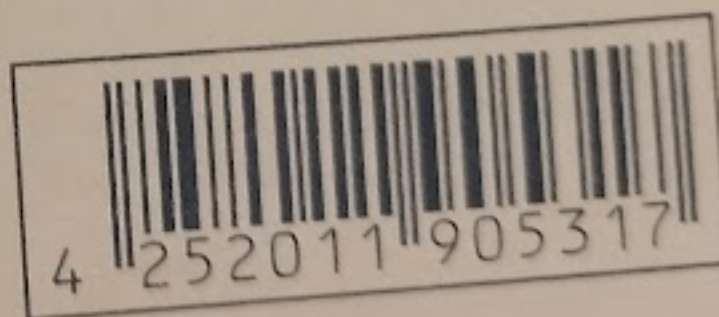

General Advice

As the power output depends on the solar radiation, it is not recommended to use the solar panel for smartphones when attached to a backpack or in unstable weather conditions. This is, because an unstable power supply may trigger the phones charging protection to stop the charging. In this case, it is recommended to connect a power bank between the phone and the panel.
