

Instruction of Assembly

6 petals of CKZ

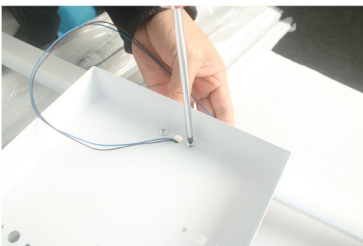

1, open the box and take out all the components

2, assemble the petals to the rectangle plate, find out all the holes as shown (3 holes in a row, 1 big and 2 small)

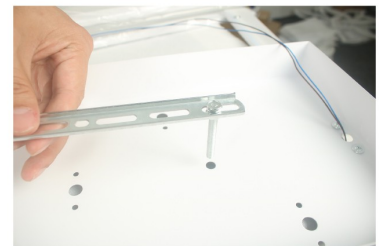

3, assemble the petals as shown, the wires goes through the middle holes

4, turn around and fasten the petal with screws. Assemble all the petals as the same way

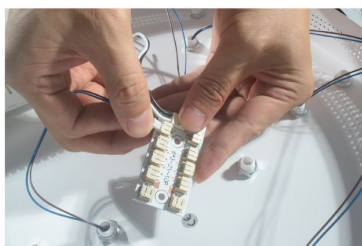

5, assemble flat-headed screws to the hanger with nuts in, but don't lock up yet

6, put down the hanger, make sure the screws can go through the two holes at the plate, then fasten the nuts to lock the positions of each screw

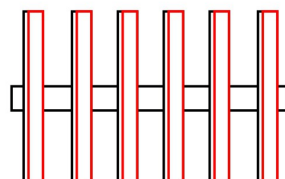

7, install the hanger with the sharp point screws to the ceiling

8, connect the wires of each petal to the collector

9, lift up the light and install it to the cross, the four flat-headed screws go through the plate, and fasten with the nuts as shown

Note: the acrylic parts of all petals should be pointed at the same direction when assembling
