

Pro-Fibre

Suitable for dogs prone to anal gland impaction

Pro-Fibre is a tasty palatable pellet containing:

Multi-source fibre

High levels of both soluble and insoluble fibre with new fibre sources including psyllium husk and sugar beet. Pro-Fibre now has higher levels of dietary fibre (45%) to help bulk the stools out.

Probiotics

The beneficial bacterium *Enterococcus faecium* (NCIMB 10415) E1707, to help repopulate the gastrointestinal tract.

Prebiotics

Preplex[®] prebiotics – fructo-oligosaccharide (FOS) and Gum arabic – a source of nutrition for the beneficial bacteria.

Given daily, Pro-Fibre can help to promote efficient digestion and avoid the problems associated with insufficient dietary fibre.

PRODUCT SPECIFICATIONS

Directions For Use	<5kg	½ measure (5g)
	5-20kg	1 measure (10g)
	20-35kg	2 measures (20g)
