

# MAD BLOX

BUILD YOUR PARTY!

## HOW TO PLAY

---

- 1** Build up the tower
- 2** Players will take turns pulling a block from the tower, but two rules apply: you can only use one hand and you cannot take a block out from the top three full rows. As a note, players are allowed to touch the blocks to test them before pulling, and players take turns clockwise.
- 3** For each turn, choose one of the two assignments on either side of the block pulled. If the block has been pulled before, the person must choose the other side. Once you've chosen a side, you have two options: do what the block says or take a shot.
- 4** Finally, put the block back on top of the tower. Wait ten seconds. If the towers falls down you have to take 3 shots for penalty. If nothing happens, it's the next player's turn!

Remind you're allowed to touch the blocks and turns go clockwise.

Note: When you choose a "Vote for" challenge on a block, everyone has to raise their hand. Someone counts down from 3 to 1 and everyone has to point to the person they vote for.
