

**Thunderbolt 4 Cable** brings lightning fast 40Gbps data transfer bandwidth, enabling single connection that supports high speed data transfer, single 8K or dual 4K UHD video at 60Hz, and up to 100W bi-directional charging. It is also compatible with all USB-C devices, delivering the fastest, most powerful, and most versatile connection to any dock, display, or data device.

## Feature:

- Up to 40Gbps operation over 40Gbps-certified cables
- Support up to single 8K resolution or dual 4K displays at 60Hz
- Support the PD 3.0 marker solution with 20V/5A power delivery
- Compatible with USB-C and previous USB generations such as USB 2.0, USB 3.0, USB 3.1 Gen 1/2, USB4, Thunderbolt 3
- E-marker ensures compatibility

## Parameter:

Transfer Rate	40Gbps
Video Resolution	Single 8K@60Hz, Dual 4K@60Hz
Power Deliver	100W(20V/5A) Max
Material	ABS Shell + PVC Wire

**CE** **Compudata**
