

GES-2108P Hilbert 8-Port Gigabit PoE Smart Lite Switch, 802.3at/af PoE, 8 PoE Outputs, 112.8W PoE Power Budget

Product Images

Short Description

- 8 PoE-Plus Gigabit Ethernet ports supports PoE Watchdog
- Total PoE power budget: 112.8W, up to 30W per port
- IEEE 802.3af/at PoE compliant to simplify deployment and installation
- 1000Mbps full-duplex, 10/100Mbps full/half-duplex, auto-negotiation, auto-MDI/MDIX
- Supports 4K MAC address auto-learning and auto-aging
- 9K jumbo frames to increase data transfer rates

- IP Multicast Filtering through IGMP Snooping V1 / V2
- 802.1Q tag-based VLAN allows network segmentation to enhance performance and security
- IEEE 802.1p QoS with 4 priority queues
- Supports unknown unicast / broadcast / multicast storm control
- Minimize carbon footprint with advanced energy efficient technology (IEEE 802.3az)
- 4KV surge protection, 6KV contact / 8KV air ESD protection
- Web-based and smart lite Management
- Supports LevelOne IP Locator for easier IP management.

Description

The LevelOne GES-2108P Hilbert gigabit PoE smart lite switch is a next-generation Ethernet Switch offering powerful better PoE functionality and usability that delivers the cost-effectively business and transports Ethernet services via copper connections. GES-2108P delivers 8 (10M/100M/1G) RJ45/PoE+ (Support 802.3at/af, and total up to 112.8W) ports. can be matched with the latest LevelOne IP Locator, the software is the easiest to use switch discovery tool, it can search all Hilbert series switches, instantly know the forgotten IP and other info. Compatible with mainstream Windows and Mac operating systems.

The LevelOne GES-2108P provides high HW performance and environment flexibility for Enterprises. GES-2108P is ideal to deliver management simplicity, optimum user experience, and lower total cost of ownership.
