

# Tire Inflator

## USER MANUAL

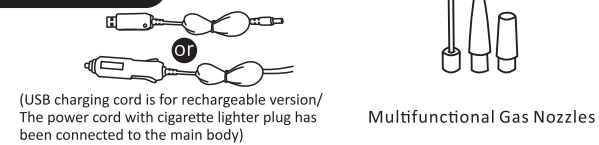

Please read this manual prior to using this product

### Product Description

- 1 Air hose
- 2 LED lamp
- 3 On/Off Switch
- 4 Handle
- 5 Pressure Gauge
- 6 Charging interface

### ACCESSORIES

(USB charging cord is for rechargeable version/  
The power cord with cigarette lighter plug has  
been connected to the main body)

Multifunctional Gas Nozzles

### Product Parameter

Model No.	CZK-3665
Material	ABS
Size	170X235X80mm
Power	120W
Rated voltage	7.4V/DC 12

### Tire pressure recommended for private cars

**CAR**  
2.3-2.5KG/CM<sup>2</sup>

**SUV**  
2.5KG/CM<sup>2</sup>

**MPV**  
2.3-2.5KG/CM<sup>2</sup>

### How to inflate

- 1 Start the car
- 2 Insert the cigarette lighter plug into the cigarette lighter socket
- 3 Pre-set the pressure (For rechargeable version, start from this step)
- 4 Connect the gas tube to the valve of tire
- 5 Press the On/Off switch
- 6 The machine will stop inflating as soon as the tire pressure reach the pre-set pressure. Then turn off the switch

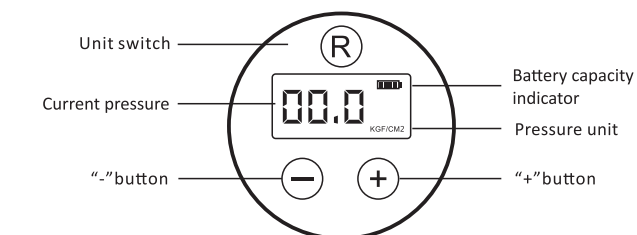

### Warning

- 1.For rechargeable version, please start from third step after fully charged .
- 2.Do not use it in direct sunlight or under high temperature or pressure.
- 3.Please make sure the switch is off before charging. It is forbidden to charge while using.

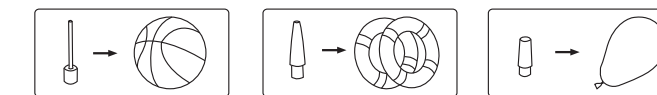

### Preset pressure

Press "R" to change the unit ,press "+"or "-" to choose the figures .After the figures stops flickering, turn on the switch to start work. The machine will stop automatically once the tire pressure reaches the pre-set pressure. Turn off the switch after complete inflating.

### Multifunctional Gas Nozzles

This product has three multifunctional gas nozzles as below.

### Features
