

**Warning:** This helmet is intended for skiing and snowboarding use only - Class B, not for use in winter sports. Winter sports involve inherent risks and dangers, natural and man-made obstacles are always present. Wearing this helmet does not make you invincible, no helmet can protect against all kinds of head injuries. It was not designed to protect against neck injuries. Serious injury or even death can occur while wearing this helmet. For best protection, the helmet must fit snugly and in accordance with the fitting instructions in the user manual. After an impact, damage may not be visible to the user. Destroy and replace after an impact.

**Care and Storage:** Read owner's manual before using or cleaning this helmet. Please note that the helmet can be damaged by contact with common substances (for example, certain solvents, cleaners, hair tonics, etc.) and the damage may or may not be visible to the user. Therefore, use only water and mild soap for cleaning. Never use cleaning fluids, solvents, paint, glue, or decals, other than those provided for cleaning. Always check straps for any signs of cuts or fraying and always check rivets for secure attachment. Do not store your helmet in direct sunlight or extreme heat. Even a well cared for helmet will deteriorate over time. Replace your helmet every three years. Made in China
