TC78069N

## Product description

---

This fan heater from PEREL is ideal for heating workshops, garages etc. The robust device has 2,000 W of heating power and is equipped with three heat settings, a fan function and a thermostat. Thanks to its overheating protection, the device switches itself off immediately when it gets too hot. There is a handle at the top so you can move the unit easily.

## Features

---

- 3 heat settings: 650 W - 1300 W - 2000 W
- cold air function
- thermostat
- overheating protection
- This product is only suitable for well insulated spaces or occasional use.

## Specifications
